hundred Dollars being the amount of
the bill
June 15th 1883 R. O. Crall

Bank of Norwich
April 13. 1833

Dear Sir,

Announce you have my check on the Merchant Bank
City of N.Y. in your favor for Two hundred Dollars - which
I have inserted in One of my letters & the balance in Some Short
Time. Please forward them to your Agent in N. York
to be by him transmitted to us at this place, the nearest
point of Water communication being the Mouth of Haver
River in this County & about 12 miles from this place.

Your earliest attention to this as the earliest convenience of your Agent in forwarding them
will particularly oblige you at this time.
I remain Most Respectfully,
Your Obedt. Servant

Wm. Huntington Esq.

St^y and removed to 25 Coombs Alley and
still hope through your influence to obtain
station in the United States Mint

Yours Respectfully J Travilla

New York June 5th 1855.

Dear Sir

Allow me to introduce to your acquaintance my friend Mr Dunlap of this city, who is doubtless known to you by reputation as an author and artist. Mr Dunlap is engaged on a history of the Fine Arts in the United States and has collected much valuable & curious information on this interesting subject. In this work he cannot omit the medals and monetary history of our country & I know no man so able as yourself to furnish the information he is in search of.

I am with respect
your obt^d serv^t
G. C. Knapman

Sir

Minist of the United States
Petersburg 26 July 1833

I have to acknowledge the receipt
of your favour of the 20th containing the duplicate
of a despatch to the Minister of the United States at
St. Petersburg recommending to his attention
Mr. Peale and the objects of his ^{visit} ~~visit~~ to that place,
which your early attention enabled me to forward
by the packet of the 24th. to Home.

Should it be found necessary for Mr.
Peale to ~~visit~~ ^{visit} St. Petersburg your report to
Mr. Richardson will ~~be made~~ ^{be made} no doubt
contain all useful accs to the public establishment
wrote thus.

I am
With great regard

Robert Linn M. Linn
Secretary of State

Your old servt.
J. M. Moore

Fi.

Mr. Paine sailed for Havre on pursuing
his design on the 8th May with the intention to visit Paris in the
first instance. He wishes this particular process a new meeting expressing
what in the human way instead of that by legislation has within the last
two years been introduced under the sanction of a lawless opinion afforded
by the French Government.

[illegible]

~~Mr. Rabe received with him a letter from Mr. Livingston
then Secretary of State addressed to the Representatives of our Govern-
ment in France and in England and in favour also by letters
from several persons of the great circle to their friends and contacts
in Paris & London. Moreover Mr. Livingston will see it is sufficient
to be in Paris to promote his views more immediately if necessary. Nothing
more than meeting in that quarter which requires can supply.~~

[illegible][illegible]

The name of Mr Peabody is familiar to you and
the character of the Society well known ~~and~~^{very & favorably}
~~and~~^{and} ~~of the S^c~~^{of the S^c}. He is highly regarded here
as our national ~~representative~~^{distinguished} ~~in the S^c~~^{in the S^c}. A personal acquaintance
with ~~a~~^{Mr Peabody} will render it a pleasure to you I feel assured to afford
him the account and all wishes may be ~~for~~^{for} the
objects of his visit.

I am very respectfully,
Your obedt. servt

J. Moore

23rd July 1833

Custom House

Meddletown Conn July 22. 1833

Sir,

The Messrs. Lundy, Messrs. Sage & Russell
of this place propose to offer proposals for the erection
of a new Custom House at this place which is to
be thoroughly fire-proof, & they expect to visit Phila-
delphia to view buildings of this nature. Should they
call at the Mint, I hope you will afford them
an opportunity to view the building &c.

Very respectfully

Bank of Darien
July 15th 1833.

Sir

The Box of Gold sent you by our
agent, Mr. Roswell King for valuation, on
account of the Bank of Darien, you will
be kind enough to place to the credit of
the Bank of America as authorized by
our agent, Mr. Ralph King of Savannah.

Very Respectfully, Sir

Yours Obediently

James Brown

To the President of the Bank
Philadelphia

Mint of the United States

Philad - July 15. 1873

Yours of the 6th was recd this morning - In
examining the ~~analysis~~ ^{quantity} of the Mint ~~concerning~~ the subject
to which it related, viz the deposits of gold made by the Philad - Mint
on the 14th June, and conversing with the ^{Assistant} ~~officer~~ ^{Inspector} who weighed
both before and after melting I ascertain ~~that~~ ^{that} of the
consistency of the Mint returns.

The gold on your receipt had been collected by
means of Guichard's. In this State a portion of its rough weight
consisted of a residue of small pieces which mechanical processes
do not wholly discharge, nor any degree of heat to which it
is ~~usually~~ ^{usually} exposed before coming to the Mint. It was
melted here previously to being assayed and the Mercury being
thus ~~perfectly~~ ^{perfectly} separated the weight ^{was} proportionally diminished.
This process must be such deposits of their description with the addition
of a little salt paste which somewhat diminishes the weight
by partially refining the gold & this I learn was done in the case.
~~the result~~ The diminution of weight in the present instance has
not been greater than frequently occurs with deposits of the same class,
though it is slightly above the average. You are assured however that
this loss of weight does not affect the correctness of fine gold in

Minst. of the United States
July 12. 1837

In reply to your enquiry, made some time since,
60 respecting the value of English and French plate, with a view
to determine the equitable allowance on certain old plate per-
taining to the furniture of the President's House, I have to
revert. —

The regulations of Great Britain in regard to ~~the~~^{its} ~~assays~~^{assays}
of silver, authorize two standards — one being of the ~~former~~^{former}
of the silver being the other being eight pennyweights in the pound
fine. The former standard is believed to be less commonly used. It is
designated by the figure of Britannia with a Lion's head and corresponds
in value to 122 1/2 cents per ounce Troy. The ~~other~~^{in ordinary use} standard is
designated by the figure of a Lion. British silver plate bearing this
stamp is of the value of 119 1/2 cents per ounce. ~~The latter~~
~~the latter being~~

Two standards for wrought silver have prevailed ^{the}
and probably still prevail in France — One which is of the value of 122 1/2
cents per ounce, and the other of the value of 103 1/2 cents. ~~The~~
~~former~~ the particular stamps by which they are designated are
not known to me. An assay of ~~a~~^{one} sample of the French
plate in question, will be made, if ~~you~~^{it} desirable, in order to determine
the value of the stamp it bears.

Very respectfully,
Wm. Geo. W. Smith - J. P. If the above plate was offered ^{you}
at the Mint for coinage it would require a reduction ^{of}
in value of 10% to be payable for alloy. ~~Wm. Geo. W. Smith~~

For The United States

1853

To Joseph Merrill -

July 15. for measuring the landscape work
of the 8th Regt. under the appointment
for extending the Mount St. Helens monument -
from April 7th 1850 to March 18th 1853

Enclosure ----- \$263.70

Rec'd July 1853 from General Mon. Dinton
of the Mount. two hundred and thirty three dollars 39/100
the amount of the above Bill.

\$263.70

Exhibit

Joseph Merrill

Bank of the State of Georgia
Branch at Washington
July 6th 1833

We received a lot of native Gold
collected by the aid of Quicksilver, from
a mining company, on which we made
them an advance, subject to a final
settlement at the assay value at the
U. S. Mint, say 3900 Dwt. & 18 Grains
which was forwarded through the Principal
Bank at Savannah to L Campbell Esq
Casper of the Philad^a Bank, and from
whom a Return from the Mint has
been rec^d in a letter bearing date June
18th 1833. which Return is as follows vizt

Gold Bullion deposited 14th June 1833
by the Philadelphia Bank weighing

Before melting	Gross weight	Standard weight
Ounces - Dwt - Grs	Ounces - Dwt - Grs	Ounces - Dwt - Grs
194. 19. 0	181. 11. 0	183. 12. 6
		\$3264.22

The Mining Company are dissatisfied with
the result & think that possibly an error
has occurred, there being so large a diff-
erence as 13 oz. 8 Dwt. between the two
weights before and after melting, and
that 10 oz. is probably the mistake.

I have thought it best to call your

attention to this matter in order that, if an error has occurred, it may be rectified, and if none has occurred, the Bank may be prepared to satisfy the Mining Company on the subject.

I would remark that it would be policy to keep up a good understanding between the citizens and the U. S. Mint otherwise a great portion of the native gold will be exported -

I am very Respectfully
Your ob. Servt.

The President of
the U. S. Mint
Philad.^a

Saml Barnett
Clerk

We have forwarded through the same channel another box containing 2520 Penn-
sylvania native gold, which will probably go by the first vessel from Savannah for Philad.^a

Tacanton August 19. 1833.

Dr. Moore.

A. S. Mait.

Dear Sir.

We have shipped this week, to the care of Messrs. W & E. Whitney & Co, 9 cases Copper Planchets, in annexed man^{rs}, which we hope may be satisfactory.

We have several thousand pounds more nearly completed which we shall forward in a week or two.

Those that we make hereafter, will be superior to the present parcel. We have encountered a good many difficulties in finishing them, but trust that we shall be able now to give you an article which will be entirely satisfactory.

We please to drop us a line on the receipt of the parcel named.

Very Respectfully,

Yours Mst. Chas.

Brother & Brother & Co

do do Sept. 1833	2,388.47

Commission on Disbursements on 194,141.85 22 Sept. 1833
Subscribed there ~~to~~ in order to bring the amount to 4883.52
Proportion within the sum appropriated 494.55
Commission charged 4358.97

Recd from the United States for the same and then forward
and fifty eight dollars 97 Cts the amount of the above Bill.
Jm Moore

Per.

Young the 11th. was wd with 19. The
~~following~~ ~~evening~~ ~~a draft~~ for two hundred and
 fifty dollars - The amount thereof has this day
 been forwarded in bills & small silver coins sent
 in our care - viz. \$100 in bills and \$150 in pieces
 and half pieces in equal proportion - The sum in
 bills has been varied from your request to ~~send the~~
~~following~~ as we had no ^{inadequacy of the} ~~amount~~ ~~mentioned~~
 in our mind will not be objectionable. ~~The~~ The coffee beans are
 purchased at the public coffees and sent - thinking you will procure
 for.
 Very respectfully

Byron

Martin Bailey Esq.
Care of Ph. & Howarth
Durham Co. N. C.

Penmoor

Detroit, Sept. 11, 1833.

Dear Sir,

Your letter, advising me of the
shipment of the note, amounting to 120 dol-
lars, has just been received. The note is
a draft for the 20 dollars, in addition
to 100 cents for postage. The bank and
post-office are both much in need of 5 and
10 cent pieces. If you will furnish them
with 2 or 300 dollars worth, half and
half, it would be an extremely acceptable
favor. The uncertainty of your ability to do
so, at this time, prevents me from saying you
a draft. Can you advise me on the subject?
Yours truly,
J. Moore.

1832

Detroit, August 20, 1832.

Dear Sir,

The above draft is designed to pay
for 100 dollars worth of goods for the Firmament
Machinery Bank of this city, if you can have
them put up and forwarded to Detroit, via New
York and Buffalo. Bill, Fish & Shiba, at the
foot of Chestnut Street wharf, will give you
the names of proper consignees at Buffalo, and
will forward the cargo down. The post office
is to have a portion, and therefore I write.

Yours faithfully,
Dr. S. Moore, Master U.S. Mint.

Dear Sir

Bank of Newmark
Newark County Ohio Sept. 11th 1853

I take the liberty of forwarding to you again
my draft on N. York for One hundred fifty dollars,
with the request that you put on it 150¢ in
Cents, 50¢ in Dimes, & 50 in half Dimes, & forward
them to your Agent in N. York to be sent by him
to the Mouth of Huron River in this County
to my address, when you receive this mail
you please write me

Samuel Moon Esq. }
Director N. S. }

Dear Tom

Columbia College New York
9th October 1835

Dear Sir,

I am glad to see that the medals are at last
finished. They are however too late for distribution in proper
course. If you meet with a private opportunity for this city
is so good as send them addressed to me. If none occur
send them to keep "Carey & Lea" of your city with a request
to forward them by the first package of books they are send-
ing to New York.

Be so good as transmit me an account of their cost that
I may attend to the appropriation and have it accounted
for in order to cover the delay that occurred on the last
occasion.

I am Sir respectfully

1831 Miller's Refinery Wastage on Silver

Wastage not allowed for in this year = 02. 2,492,559-6

1832 On bullion returned G. C.

Statement of Silver Bullion on hand Dec. 31, 1831	35,620.3
Deposites & parts of Deposites	
Clippings rec'd from Chief Coiner Dec. 31st	219,859-1
Bars from grains melted in Jan. 1	5,460-0
Recrystallized & remaining in solution	4,578-1
From Fluxings	10,800-5
	14,878-15
Probable amount on pots Jan. 1	254,710-2
	1,000-
	<u>255,710-2</u>
	56,476.17
	<u>4,656-6</u>

1833 Dec. 31st	Balance due Treasurer	207,408-0-4	
	Amount on hand	255,710-2-0	\$ 135,60.23
	Defect -	<u>25,752-4-4</u>	

Silver Bullion prepared for Coinage & returned to the Treasurer on which no allowance for Wastage has yet been granted

In the year 1831	2,462,559-0	4,636.63
1832	2,235,020-3	
1833	2,450,470-17	
	<u>7,148,050-0</u>	560.23

Wastage at 14 p. 100 on 7,148,050-0 is 14,908-0-10

A Considerable amount of the above Bullion contains Gold & was necessarily subjected to the various operations for separation which unavoidably increases the Wastage

1831 Miller's Professor's Writings on Science

Writings not ^{before} allowed for in this year = $\frac{\text{Dz. Rate}}{2,452,589.6}$

1832 On Gallions defined G. G.

for this year = $2,235,620.3$

1833 On Gallions defined G. G.

for this year = $2,456,476.17$

Sum = $7,184,686.6$

Actual waste on this amount

being equivalent to 785/1000 grain

the amount = $\frac{\text{Dz. a. 500}}{11,752.44} = \$13,560.23$

Vis. for 1831 not before allowed = $\frac{\text{Dz. Rate}}{4077.2} = \$4,704.34$

for 1832 = $3656.14 = 4219.26$

for 1833 = $4018.8 = 4676.63$

Sum = $11,752.44 = \$13,560.23$

Washington City. 30th Dec. 1833.

Samuel Moore Esq.
Director of the Mint.

Sir

The subject of assay offices in the Gold districts of North Carolina, Virginia, South Carolina, and Georgia, has been again introduced in Congress, and referred to a select committee; I have been instructed, by the Committee to request, your opinion: first as to the expense, necessary in maintaining the same, for assaying, the fineness and value for duty & stamping, the bars. — for what salary a competent assayer could be had — And if the Gold be brought in small parcels requiring melting &c. preparatory to the stamping, what additional expense would be incurred, and what, would be a reasonable per cent. to be charged for such service — And if the assayer himself, could not alone perform the service — with any other information touching the subject, you may think proper to give — The object of the Committee as far as I am in possession of their views, is to establish an office in each district, on the most economical terms.

With great respect.

Your Obedt servant

Henry M. Cannon

Chgo Select Com on assay offices

Consulate of the United States

Hamburg 30th December 1833

I have the honor to acknowledge receipt of the Circular of the 11th August, and forward herewith a package containing Four Hamburg banco dollars which is the only banco coin the mark and parts being imaginary — — —
Also forward One double, One single, One half, and one quarter mark current money the current being one-fourth less value than banco.

I have the honor to address —
Mr. W. Lane on the 29th April, stating the real value of the mark banco, and the rate at which the Bank purchases Bullion, which makes the value of the mark thirty-five cents — —

The rule is, the Bank gives twenty four marks and six shillings banco, for the mark fine Standard Silver of fifteen lath, or eight ounces, and eight & two third piasters, are reckoned for fourteen, and one third lath — Standard Silver — — —

Sir

Treasury Department
Auditor's Office December 12, 1833

Your Account in Relation to the Operations
and Expenditures of the Mint for the quarter Ending
September 30th 1833 have been received

With due respect

Your Obed^t Serv^t

A. Horner

To William Findlay Esq
Treasurer of the Mint
Philadelphia

Consulate U. S. A.

Amsterdam 7th December 1823.

Hon^{ble} Secretary of the Treasury
Washington.

Sir!

In compliance with the request, contained
in your Circular letter of 31st August I have sent
specimens of the coins current in the Netherlands,
by Captⁿ Huntz of the barge Isabella for Phila-
delphia, & Duplicates of the same by Captⁿ Swanck
of the brig Philiboth, to New York, as per enclosed
List, to be delivered to the Collector of the port,
where they arrive.

All these coins are current at their nominal
value. The Ryders & Ducats alone cannot be had
at par. For the former I had to pay f. 1.10 premium
& the latter 50%. These two sorts do not properly
belong to the current coin, & are only merely an
object of curiosity. Ducats are often exported to a
great amount to Russia, Turkey, &c. -

I have given publicity to the Circular of your
Department dated 20th. April last, addressed to
the Officers of the Customs for the purpose
of making known the necessity of a verification
of the Invoices of all articles liable to duty,
whether specific or ad-valorem.

I have the honour to be!

Sir!

Your obedient Servant.

John W. Parker
Consul U. S. A.

List of Coins, shipped p^r brig Teasella,
Capt. Kirtz to Philadelphia, Duplicates of
which are also sent p^r brig Thibodeau, Capt.
H. Greenleaf to New York.

One Rixdaler or piece of f. 1.10 each	12.50
One piece of f. 1.00	10.
One Ducatoon piece of f. 0.25 each	2.00
One piece of f. 0.20	2.
Two Ducatoons or pieces of f. 0.15 each	6.50
Two pieces of f. 0.10 each	6.
One Zealand Rixdollar or piece of f. 2.60	2.60
Two Holland d ^r " pieces of f. 2.50 each	5.
One Crown or piece of f. 2.	2.
One half Ducatoon or f. 1.87 1/2	1.87 1/2
One Dollar or piece of f. 1.50	1.50
One piece of f. 1.40	1.40
One half Zealand Rixdollar or f. 1.30	1.30

Treasury Department
November 15. 1833.

I enclose a copy of the Resolution of the House of Representatives of the 1st of March last I have to request that you will make the communication required by it, to this Department at your earliest convenience. It may be that a copy of the Resolution has heretofore been transmitted to you - If so, the Department in consequence of the destruction of the Treasury building by fire, has no record of the fact.

I remain very Respy
Yours Obedt. Serv^t

A. B. Taney
Sec. of the Treasury.

Sam^l. Moore Esq.
Director of the Mint

Consulate of the United States

Sidon 28th June 1834

Sir

On the 15th December last I have the honor
to receive the Chief of the Treasury Circular of
31st Aug^r last. I embrace the first opportunity
to send you with the information required
and the specimens of the current Coins of this
Kingdom viz

One piece of Gold nominal value 7500 and 7680

One piece of Do — " — " 3750 — 7345

One piece of Silver nominal value — — 480

One piece of Do — " — " — " 240

One piece of Do — " — " — " 120

One piece of Do — " — " — " 100 — not paid

One piece of Do — " — " — " 60

One piece of Do — " — " — " 50

One piece of Copper — " — " — " 40

One piece of — " — " — " 10

One piece of — " — " — " 5

One piece of Copper — " — " — " 3

Sum of 28th June 1834 of 148683 is 2 155

Current 14th 883

Yours

R. B. Tamm

Chief of the Treasury

at the present value of 14⁰⁰ Spanish Dollars
for which I have given an order in favor of
Narciso Hutchinson Esq of Phila^a to receive
the same I have entrusted these coins to the
Master of the Schooner Empress of Baltimore
to be delivered to the Collector of said Port.

Until the year of 1799 the currency of Portugal
was composed of Gold, Silver and Copper without
any paper but in that year the Government
issued in large sum in notes from 1200 re
to 20000 this note having interest of 5 per cent
and made it a legal tender in all trans-
actions to pay one half in metal and the
other half in the above paper.

The interest on the above notes was paid
for a few years but afterwards ceased in conse-
quence of which the paper notes became
year after year more depreciated, till they
lost 35 per Cent and ever since they have
been fluctuating from the above 35 to
13 per Cent and are now at 28 per Cent.

The consequence of this the Currency is con-
tinually fluctuating viz in comparing
it with the metal Coin above.

The Silver coin has not been altered and
consists of the following pieces

issued only 1788. I found the English
Sovereign by the same means to be 17.
8880. Specific Gravity, therefore the value
of the Portuguese Gold Coin at present
may be said to be equal to the English.
The Copper Coin is at a discount of
1 per cent against Silver. The Spanish Dollar
fluctuates in this market and has
ruled for the last few years at 880 & 950
metal each it became a legal tender
at 940 metal on the establishment
of Donna Maria's Government here in
July last in consequence of which
large quantities found their way into the
Country. This dollar was worked in Por-
tugal they immediately fell to 860 metal
each and have ruled at about that rate
since but as their intrinsic value is
equal to 908 this Metal each they will
no doubt soon advance to that rate
taking the Spanish or American
Dollar at 880 and metal each their
present value and the 1/2 of paper
money at 28 per the cash or value of
a Dollar in currency of the Kingdom.

is just 1000 This over Milers all the
as Milers is subject in the Custom
House of the United States at 124 Cents

I have the Honor to be with

Great respect To

Yours Very Truly

J. P. Hutchinson

Writing the letter to
Pulaski 14 Jan'y 1834

Dear Sir

My special engagements at this
time of the year have been extended
more than I had apprehended the attention
due to your request of 30th Decr. I have
been the satisfaction of communicating such observations
and information as the several papers mentioned
in your letter of the 30th ult. respecting the
establishment of a spy office as appear
to be of most value for your object.

The expense necessary to establish
an spy office will obviously depend much
on the preliminary questions whether a suitable situation
is to be selected for that purpose
or an annual rent for the accommodation of
the office & the furniture and apparatus
& materials required for his operations. In the
first instance the latter of these modes of procuring

Treasury Department
Register Office Feb 12 1834

Sir,

I have been required to prepare a "Statement of the
amount of gold, silver & copper coined at the Mint from its establishment
to the end of the last year, under the heads, 1. Gold, showing the number
of eagles, half eagles, & quarter eagles, the value of each description of
piece, and the total value of gold coined - 2 the amount of silver coined, with
the same details, as to pieces &c - and, also of copper with the same details."

In consequence of the loss, by the late fire, of some of the annual reports
of the Mint, calculating these details, I find it impracticable to compile this state-
ment without an application to your Department. Should your records enable
you to prepare them, I will thank you to have them made out and trans-
mitted to this Office, as early as convenient.

It pleases also to give me the
amount of Waste in gold and
silver coined in 1833 and the year
in copper in 1832 and 1833.

I am, very respectfully,
Your Obedt. Servant
J. Smith Register

Samuel Moore Esqr
Director of the Mint

J. J. Smith Esqr
Register

UNITED STATES CONSULATE
FOR THE AZORES.

Fagal 6th February 1834.

To the Hon^{ble} R. B. Taylor
Secretary of the Treasury of the United States
Washington.

Sir,

On the 25th ultimo I had
the honor to receive the circular addressed by your
Department to the Consuls of the United States
under date thirty first of August. and in conformity
thereto, I now forward Duplicates of the National
Silver coin current in these Islands as it is not
a Provincial coin. Your Department is no doubt
furnished with similar from Portugal, this coin
passes here for six hundred R^{rs} or sixty cents, when
the Government of Ponta Delgada was established
at Terceira the value of the Spanish pulledollar
was increased from two thousand, to two thousand
one hundred and twenty five R^{rs}, when S. Pedro
and the Government were at Ponta the Spanish
Dollar was raised to the value of twelve hundred R^{rs}.

Know all men by these presents, that we William E. DuBois
and Charles E. DuBois — acknowledge ourselves held and
firmly bound to Samuel Moore, Director of the Mint of the United
States, in the just and full sum of One thousand Dollars, to be paid to the
said Samuel Moore and his successors; to which payment well and
truly to be made, we bind ourselves, our Heirs, Executors & Administrators
jointly and severally, firmly by these presents, sealed with our seals,
dated the Fifth day of February, in the year of our Lord one thousand
Eight hundred and thirty four. 1834.

Whereas the above bounden William E. DuBois is appointed
by the said Samuel Moore, Director's Clerk in the said Mint;

Now the Condition of the above Obligation is such, that if the said
William E. DuBois shall from time to time, and at all times during his
service in the said Mint, well and truly perform and fulfil the du-
ties and services of Director's Clerk in the said Mint, according to
the rules established therein, and shall well and truly account for
all Bullion, Coin or other property of the Mint that may be entrusted
to him, or any ways come to his hand or possession, and in all things
behave himself in a diligent and faithful manner, then the above
obligation to be void, otherwise to be and remain in full force and
virtue.

Sealed & Delivered in presence of —
Witness to signature of W. E. DuBois:
Allen S. Beazley

Witness to signature of C. E. DuBois:
Robert F. DuBois.

10,000 lbs. @ 28. \$2800.00

Providence Feb 15. 1834

Dr Lane Moore,

Director of U. S. Mint.

Dear Sir,

Lowell July 15th 1834.

We annex Invs. of Treasurers
Boxes of Blanks to be shipped from Providence to you,
weighing 10,000 lbs. @ 28. . . \$28000.

Previous to receipt of your last favor we had
a considerable part of the above packed in Boxes
containing 111 to 160⁰⁰ and as they were very nicely
& strongly put up we supposed they would meet
your approbation.

We believe these blanks on examination
will be found unexceptionable. On receipt of
them we will thank you to inform us whether
the manner these are packed, viz. in Boxes
containing just 150⁰⁰ with handles on each, will
be satisfactory. It will be more convenient
for us to pack them in this way.

Very Respectfully,

(Your most Obedt. Servt.)

Chas Ror Brotherton

The Hon. W. B. Taney,
Secretary of the Treasury,
Washington.

Consulate of the United States
Florence, Feb. 15. 1834 -

Sir -

In conformance with the Circular
letter addressed on the 31st August last by
the Treasury Department to the Consuls,
I have caused to be made known to the im-
porters of Merchandise within my District,
that for the future a Certificate from the
U. S. Consul is necessary in all invoices, sta-
ting the true value in Spanish, or United Sta-
tes silver dollars, as compared with the est-
ablished coin of the Country in which the
invoices are made out.

I annex herewith the Statement
of the value of the coins of Tuscany to
make known to the Treasury Department
their value in relation to Spanish, or
United States silver dollars & moreover the
value of the ingots or bars of gold & silver.
I transmit likewise a set, or full speci-
men of the coins of Tuscany amounting
to one hundred twenty one litru, six sou
four deniers, Tuscan Currency, which has the
true value in Spanish dollars of Nineteen
dollars & twelve cents, at the current rate

of six livres & one third per Spanish Dollar, which sum I request may be remitted to me in any way most agreeable to the Treasury Department, having my self no means of drawing for so small an amount, having no quarterly accounts to make up - I will forward another set by a future opportunity -

I am respectfully Sir,
Your most obedient servant
James Embree

Statement of the Tuscan Currency, their current value, intrinsic worth, together with the value of ingots of silver & gold -

From the year 1845 to the year 1834, the minting of money in Tuscany, its current & effective value has not suffered any change, the stamping of the different coins, remaining the same under different successions with the exception of the effigy of the new Sovereign, omitting any variation of the coins minted previous to the year 1845 which are so varied & rare that they cannot be found even for the gratification of the curious.

In the year 1845 was minted the francescone, and the half francescone with the effigy of Francis the first of Lorena Emperor of Austria, & first Grand Duke of Tuscany, after the extinction of the house of Medici from whom these coins derived their name, which they still retain. These coins bear also at the present day the effigies of Francis, of Leopold the first of Ferdinand the third, & of Louiswick Infant of Spain, & King of Prussia, & of Leopold the 2^d present reigning sovereign.

Statement of the Gold Coins of Tuscany.

The *guspone* valued at forty Tuscan Livres £40 - -
The *sequin* which is the third part of the *guspone* valued at thirteen Tuscan Livres, six sous, eight deniers £13. 6. 8.
This is the par value of these two gold coins in Tuscany which are also subject to a fluctuating premium from 7. to 8 1/2 per cent. In the market of Leghorn they cannot be refused in payment of bills of exchange which always maintain a premium of more than 8 per 100, but this exchange rarely takes place as the gold coins mentioned above generally cost more than the per centage.

Statement of the Alloyed current coins in Silver.

The Francescone of pauls 10.	or £ 6 13 4.	All these coins are of the same purity of silver as the
The half detto of 5.	or £ 3. 6. 8.	
The two pauls of 20.	or £ 1. 6. 8.	francescone of the same weight
The Livre of 12.	or £ 1. - -	
The paul of 10.	or £ 13 4.	in proportion the half paul.
The half livre of 6.	or £ 10 - -	from the two pauls the fifth
The half paul of 5.	or £ 8. 4.	and thus on with the remainder

note the wear of use.

A Roman coin minted by Pope Clement XII of the Cornaro family of the value of three pauls passes in Tuscany £

of six l.

is received in payment for $\frac{3}{4}$ of a francione.

The copper coins in Tuscany and those alloyed with silver are but few and used only for detail, payments being made with the silver coin.

The two $\frac{1}{2}$ of a paul.
the two soldi the $\frac{3}{4}$ of detto
the Crizia the $\frac{3}{4}$ of detto
the soldo the $\frac{3}{4}$ of detto
the duella the $\frac{1}{2}$ of detto
The Quattras the $\frac{1}{4}$ of detto

Accounts are kept in Tuscany in livres of 20 soldi, the soldo of 12 deniers. The francione is worth £6.13.4. & fifteen francioni make £100.

In the year 1822 the Tuscan government wished to form a new money system by decimals, but it appears it did not take place. At that time the following coins were minted.

The gold coin of eight florins which passes without premium for 200 pauls or £133.6.8 equal to francione 20. pure gold carats 23.32 or 993, weight ounce 1. deniers 32.3. material weight francs 32.986, intrinsic value £136.10.4.

But these coins are no longer current.

Silver coins minted in 1827, which are still the current money.

The silver florin passes for pauls 2.2 or £1.13.4.
half florin passes for pauls 1.1 or £.8.4.
fourth of a florin passes for pauls $\frac{1}{2}$ or £.4.
their purity & weight being the same in proportion with the francione.

In the year 1803 a coin was minted with the stamp of the queen & king of Etruria of £5. In the year 1807 another coin with the above mentioned effigies of £10.

The ten livres coin is of the purity of 11.12, or 958 thousandths, weight ounce 1. den. 6. grains 20, metricat mark weight of France ounce 1. den. 6. grains 20, metricat weight 39.304, intrinsic value £9.16.9 of Tuscany, francs 8.26. The five livres coins are of the same purity & are in proportion of their coins but few are current.

Purity of the current money according to the Tuscany weight, the mark weight of France, the metricat weight together with their intrinsic value in Tuscan money in French francs.

The Ruspone of France, Metr. weight, Intr. value of France
Purity of the gold 2163 in 1000 Den 8 for 21 Den 8 for 3 Franc 10.335 £42.3.9 7.35.44
In 23.32 equal to 993 there
The sequin is of the same purity & equivalent to one third of the Ruspone.

The francione of Tuscany
Purity of Silver Tusc. weight Mark weight Metr. weight Intr. value of France
11. or 914 thou Den 21.10 Franc 27.300 £6.10.9 5.48.
It should be observed that there is an allowance of 2 grains in the purity, that is to say 10.22. & then the effective value of the francione is £6.9.9, or francs 5.44. & particularly in the coins of the year 1796 to the year 1834, the francione excepted with the stamps of the King of Etruria of the year 1803, which are to 11, or 914 thousandths, the variation then upon the francione is of about a soldo, & four centimes.

The ingots of gold are paid by the Mint of Florence.
Tuscan weight Mark of France Metr. weight of Tuscany of France
The gold at 24 carats ounce 8.14.12 or ounce 8.1 Franc 244.25 £1001.3.4 820.96.
Tuscan weight Mark of France Metr. weight of Tuscany of France
The silver at 12 carats ounce 8.14.12 Franc 244.25 £63.16.4 455.60

As in Tuscany the ingots of gold & silver are regarded as merchandise & are therefore subject to changes of price, but almost always Bankers pay one half per cent more than the mint & this for convenience of the Exchange when it is high in the market from whence the ingots are brought.

The principal trade of gold is made at Leghorn with the gold sands that come from the coast of Africa, they are melted at Leghorn & are sent to the Mint in Florence to be pressed, & then they are sent for the most part to Genoa & to France.

The broken gold is generally used for making jewelry to mint gold coins.

In regard to the ingots of silver there is very little commerce & it is but seldom they are to be found for the silver smiths & for minting money. The silver smiths when they melt them for their use.

J. Moore Esq.

New York Feb 20, 1834

Director U. S. Mint

Sir, Since my return to New York, a full sized machine for stamping coin upon the general plan of the model shown you has been put under contract to be delivered the 29th of March next, and is in progress being built. The Machinist Mr. C. N. Miner of this City warrants the entire and perfect operation of the Machine, its ~~entire~~ fullness will therefore be fully tested. The Machine is ordered by a gentleman of this City to send to Mexico.

You having expressed a willingness to send an agent to examine it, in case an experiment should be made, I now write to apprise you of the intention, and to ask you if we may still expect you will send to this City to examine it, as it will be from its size (weighing three tons) inconvenient to send the Machine to Phil^a for exhibition, beside, if it shall be delivered as promised the 29th of March and it proves satisfactory, it is intended to be shipped by the regular packet of the 5th of April, & will leave but a limited time for trial & exhibition —

We furthermore wish to enquire if we can make an arrangement with you to send by the agent a quantity of rolled silver in the plate or planket sufficient to make trial of the machine, we paying you for the expense and waste of working it over. I have presumed however that you may not have a die of the precise diameter of the kind we want for cutting out plankets, if you have a die it would save us the expense of fitting up a temporary tool for that purpose. The Mexican dollar is precisely $1\frac{1}{2}$ inches in diameter, the Spanish dollar is some larger, in our case we shall want the planket a shade less than $1\frac{1}{2}$ inches in diameter, so as to work freely in a closed collar of an $1\frac{1}{2}$ inch. As the pieces used in the trial of the machine would be melted over again, it would not be material whether the plate is, or is not, of the exact thickness to make a piece of correct weight, so that it is near the thickness it will answer all the purposes of trying the machine, but the plate should be all of one thickness without regard to the weight of the piece, we should want the metal in the same state of density as used in your mint to give the piece a fair trial, Mr Eckfeldt advised to try at first a piece of small diameter, this we

shall do, but we must also prove the machine to be of power sufficient for dollars, and shall be glad to work in it fifty or a hundred pounds.

The present machine is to contain presses for four set of dies, & will probably stamp 200 a 250 a minute, to be supplied with plankets from one tube only in the center of the die shaft and consequently do not stop the machine as shown in the model to supply with plankets, the gearing is all situated below the floor, it is also to work in a closed collar, and in some other respects the machine is different from the model shown you, or rather the machine is put into form and proportion, which was not the case in the model, that only demonstrated the general movement & principles of the machine, it is to be well finished, particularly those parts intended to be exposed to view, complete with a fly wheel &c —

You will recollect that Messrs J. P. Pearson & Brothers of this city are interested in this machine, and should you deem it consistent to send the silver plate upon their order, & so inform me, I would refer you to Mr Copethwait Carrier of U. S. Bk, Mr. Mark Richards, or Washington Jackson & Riddle & Co. as to the respectability of their house —

Very respectfully yours Obt. Servt.

W. H. Harvey

New York 22nd July 1834

Dear Sir

On the other side we hand you the directions given us by our house in Augusta to be observed in making the assays of the Gold Bullion ^{delivered} you yesterday - as a great portion of it was purchased by them in connexion with others it is quite necessary that each bar in the lot should be assayed by itself, and we shall esteem it a favor if you will when you send over the gold, request your agent procure from the Mint a stamp of each bar in the two lots -

We are

Respectfully yours

J. D. Beers & Co.

Maine & His Insurance Bank
Savannah March 13. 1834

Sir

We have in this section of the
country a sufficient supply of silver
coin of half dollars - but a deficiency
of smaller coin.

The object of this letter is to enquire
on what terms ten or twenty thousand
dollars can be obtain'd from the
Mint say one half in quarters - three eighths
in dimes and one eighth in half dimes?

Should we import silver in bars, what
time and what expense would be required to
deliver us either ten or twenty thousand dollars
in coin as above. and what time and what
expense should ^{we} make other arrangement for
funds in Philadelphia.

Sir,

I have your favour of the 22nd
instant. Its enclosure is placed to the
credit of Thomas J. Lee, Cashier Calvary
Bank.

Very respectfully,

Your obed^t servant,

Chas. Sprague
Cash.

[Faint, mostly illegible handwriting in the top section of the letter, possibly containing a header or address.]

Rome, March 29th 1834.

According to your Circular of the 31st of August last, I have the honor to send herewith duplicates of the tariff of all the coins, which are legally current in the Roman States, and also of a statement procured from the Mint here concerning the weight and the value of the Roman coins. The Roman Silver Crown (Scudo) is exactly the same as the Spanish or the United States' Silver Dollar, and is likewise divided into one hundred parts, which are called Papiri or Cents.

to the
Hon. Mr. Taney,
Secretary of the Treasury of the U. S. of America
Washington

I also send inclosed in a small wooden
box duplicates of all the Roman coins, of
which I inclose have a list. The coins amount
in all to seven Dollars and sixty Cents, which
I beg leave to request you will direct to be paid
to the order of Mr. Herman & Son Newbold
Attache to the American Legation in Paris,
who was so kind as to take charge of this letter
as well as of the box with the coins.

I have the honour to remain with
the greatest respect,

Res,

Your most obedient humble servant

Felix Cicognani

No. 11. 20th April 1834.

Dear Mr. Lloyd

5th

I return with pleasure, to you a copy of the
Bill & Report, made by myself, in relation to the establishment
of a pay office &c. - I have omitted, regarding a charge for
services, as suggested by you, in your communication to me, with
the view, if deemed able by the House to so have the Bill amended.

I will feel thankful, to you, for any suggestions
you may think proper to make - if any thing further
shall occur to you: - Another suggestion you were good
enough to make, and which met the views of the Committee, that
the better plan, to first put into operation the pay office, by
the employment & superintendence of one individual - but, that
perhaps the best plan, would be to have it also come in
by way of amendment if at all.

Dear Sir,

Most respectfully,

Your obt. Servt

Henry M. Connor

Treasury Department,
Comptroller's Office,
April 1, 1834.

Sir,

Your account of Ordinary Receipts & Expenditures
from 1st October to 31st Decr. 1833, has been adjusted
at the Treasury, and a balance of \$10,282.27.5 found due
to the United States from you.

The balance claimed by you, \$10,282.27.5	911.26
The balance due from you, Treasury statement, is	10,282.27.5
Difference	\$971.73.5

Which arises as follows, viz:

This sum, improperly charged in your account of
Ordinary Receipts & Expenditures for Decr. 1833

~~Expenditures for distributing~~

Copper Coins in that month and Decr. 1833.

Report N^o 62, 757

The following Warrants issued since the period for which
your account is rendered, but not credited by you. viz:

N^o 8815, dated January 13, 1834

8716 .. March 15 ..

Tracture of a Cent rejected, Report N^o 62, 485

12,200.00
17,020.00
1.00
\$17,774.23.5

Amount brought over $\pounds 17774.28.5$

From this above deduct.

This sum, being the amount of Voucher $\pounds 5292$,
dated 23 June 1832, improperly credited in your

Account of Ordinary Receipts for June quarter

1832, instead of your Account for the distribution

of Cents $\pounds 600$

This sum, that charged by you for

amount of Voucher $\pounds 78$, for the

Incidental & Contingent Expenses $\pounds 600.50$

As above $\pounds 17773.78.5$

Respectfully,

Jos Anderson
Comptroller

William Lindley, Esq,
Treasurer of the Mint

Vallejo Retreat 12th
April 1834

My dear Sir

I take the liberty of sending
you by my friend Saml Woolson
two ^{specimens} ~~pieces~~ of Ore believed
to contain Silver. Will you
do me the favor to ascertain
what kind of Mineral they are
and if Silver what quantity a
pound would yield &c. and whether
such Ore would be worth
working? There is an abundance
of the Mineral at a certain spot
known only by a very few
persons & is a secret communica-
-ted alone to me with an offer of
an interest provided it is worth

any thing. So he said I have but
little faith but I promised the
persons whose friendship for me in-
duced them to offer me an interest
that I would send the specimens of
one on to you where we could
obtain correct information as to
its value &c. The trouble thus
given you I know requires an
apology. but I shall presume so far
upon our acquaintance & friendship
& upon your disposition to ^{give} any
aid in y^r power to the development
of the mineral resources of our coun-
try as to request troubling you upon
this occasion & promise that should
it turn out a such thing to give
you a more tangible demonstration
of my acknowledgements than have

words.

(Mr. Weston)
My young friend to whom
this will introduce you will proba-
bly spend a day or two in y^r
city. Should he do so any attention
you may have it in y^r power to
show him shall be thankfully
acknowledged by your
friend & I thank

Saml Carson

Doct^r Moore. Director

U. S. Min^l. Philad^a

Bank of America April 11th 1834

Sir

I shall forward from this Bank
to Messrs. Mowbray & Co. \$134,762. One hundred & thirty
four thousand seven hundred & sixty two Dollars
in Mexican Dollars to be delivered to you at
the bank for receipts for account of this
Bank, and I request of you the favor to
cause the receipts to be made at as early
a day as the regulations of the Mint will
allow - The specie is contained in 45 Kegs
as per Statement annexed, the 30 Kegs numbered
1 to 30 inclusive of \$5000 each making \$90,000
is a particular piece, the value of which
I request of you the favor to furnish me
a separate account of, and which I wish
coined into half Dollars, the remainder being
\$44,762 you will please have coined into
quarters, Dimes & half Dimes -

As American Coin is scarce in this City
and shall be pleased to receive this as early

as practicable - My son who will have
 charge of the Office will hand you this
 and I will thank you to give him a line
 acknowledging the receipt of the Office, and
 stating the time when we may expect to
 receive the Com in return - the half Cotten
 Linnens will be ready some time before
 the smaller Com - the Certificate of weight
 & value you will please enclose and forward
 to me by mail -

I am very respectfully
 Sir your Obedient Servant
 Geo. Newbold Thos.

Samuel Moore Esq
 Director of the Bank
 of Ireland

A N. 1 @ 50 - 30 Rags	\$1000 -	\$90000
" 31 @ 45 - 15 "	5000 -	39000
" 44 - 1 "	-	2579
" 45 - 1 "	-	3183
		\$134762

Extract of a letter from A. Laroche
N. I. Consul Santa Martha, Col. to the
Secretary of State, dated April 16, 1834.

"I have the honor to transmit you also by
this opportunity specimens of the silver coins of
the country; the four pieces wrapped in a paper
labelled "Columbian Money," are, a dollar piece,
a 4th, 8th, & 16th, thereof. We have no means of
ascertaining their intrinsic worth. I transmit
also three samples labelled "macquiere money"
They are 4th, 8th, & 16th, of a dollar but their
weight vary extremely. These I sent are of the
middle size. This coin is also a legal tender.
The gold coin is well known, it is the doubloon
and its parts, the relative value of this coin to
the silver pieces vary extremely & the fluctuations
have of late been sudden and violent from
22 $\frac{1}{2}$ to 3. Now gold bears 6 $\frac{1}{4}$ to 6 $\frac{1}{2}$ premium
(a doubloon is equal to \$17) and is on the rise.
Spanish & American dollars are also sold a
fraction higher than doubloons taking of course
this coin at \$16. "

I
in writing the ~~letter~~ ^{second letter} of your
Report the Key no 42 was found defective
~~in weight~~ falling of 40. 15 cts below
the average. This ^{indicates} ~~amount~~ a deficiency
of about 100 dollars - There was no
appearance of ~~impurity~~ ^{to the harbor} but
among things ~~found~~ ^{known} perfectly ~~known~~ indis-
cussed -

Very respectfully

Yours in

Wm. Wood

Geo. Andrew Esq

Pres. Bank of America

Sam. Moore Esq.
U. S. Mint

London April 24. 1834.

Dear Sir

We annex Inv^o. of
72 casks shipped on the 20th inst, to Schom
Margaret Ann from this place.

A part of this parcel is put into boxes - having
been ^{hacked} previous to the receipt of your directions to
have them put in casks, which we understood
from one of the foremen at the Mint would not
be objected to. We shall hereafter send
them in casks weighing 350^{lbs} each.

We are

Very Respectfully
Yours Obedt^{ly}
Brook & Brothers & Co.

Sam^l. Allmon Esq
Director of the Mint
Sir

Your favor of the 18th
is received, and I am of the time when the Coin will
be ready for delivery in return for the Silver lately
deposited with you by this Bank, and I beg you
Sir to accept my thanks for the arrangements that
you have made to facilitate the delivery at an earlier
day than we could otherwise have received it -

Agreeable to the suggestion in your letter I
will place the Certificate for that portion of the
deposit for which Small Coin is requested, in the
hands of Mr. C. Living Esq. Cashier of the Second
Bank, & will request him to receive the amount at
such time or times as you may be prepared to deliver
it, and he will give the receipt accordingly -

So soon as one half of the half dollar
shall be ready, I request of you the favor to advise

now then off & I will send for them immediately.
I will thank you to have the Service done, just
just enclosed in days before it is put up in the
days agreeable to your proposition, the expense of
which will be charged for.

Yours very respectfully,
John W. Adams
J. W. Adams

April 18, 1874

Minist. of the S. State

Prague - April 18, 1874

Dear Sir -
Will you have the goodness to
forward to me a copy of the report of
our Agency Officers in
the last with the full accom-
panying it which I understand have
been recently presented to the House

Very respectfully

Yours &c

Edw. M. Morris

From Henry W. Connor }
House of Reps. }

This part of your plan therefore you will rely on under-
dell by the deposits from other sources than the Bank of the
U.S., and you may rely on raising the small
loans in divisions of one of the banks, ~~it would be~~
~~the day~~, ~~sending~~ 30 to 35 days - Your money off
Impossible to have a party ~~at~~ ^{on} the account earlier,
and pay \$10,000 in 15 days. The litigation for this
~~and division of your deposit~~ me, perhaps more
conveniently be left with some person in this city, who
may give a int. license on account for the first
demand. It is further stated ~~that~~ ^{the} ~~they~~ ^{by} ~~the~~ ^{bank} coming through
be included in bags ~~sent to the U.S. bank at New York~~
~~to go they have received it.~~ ^{About 25 cents per thousand dollars?}
~~this will involve interval chase, unless,~~
the bags are forwarded by rapid means.

The remaining 7 years like will command
early attention & the satisfaction be forwarded by mail

Very respectfully,

Sam Moore

Geo. Newbold Esq

Presd Vth. of America

Dunk of America April 29. 1854

Samuel Allcock Esq.
Director of the
Mint, Albany

Sir You will please deliver
to Mr. D. Lewis Esq. Cashier the Mint Certificate for
the balance deposited by this Bank on the 10. inst.
amounting to about \$44,700 and for which Samuel
Coin was responsible, and you will please deliver
to Mr. Lewis the Coin and take his receipt for
the same on account of this Bank.

I am very respectfully
Yours etc. Samuel
C. Parbelle Trust.

New York April 20. 1860

Doctor Saml. Moore

U. S. Mint, Philadelphia

Dear Sir,

You have arranged a receipt
from the Union Transportation Line for a Box to
you arriving, containing twenty pieces of Silver Bullion
which you will please have assayed and send me
the result for the balance. The 10 pieces mentioned
with it you will please have assayed as Silver
Containing Gold - the 10 pieces of which are marked as being
12.6.8.8. Carrillo - and represented as nearly pure Silver,
and we are requested by our Mexican Correspondents to
furnish a separate account of the different pieces
with which we should like to comply as far as may
be practicable. We have covered the Bullion
by insurance - as you will see by the receipt, and
paid all expenses for it to be delivered at the Mint.

We are Dear Sir

Very respectfully

Yours Sincerely

Arthur Tappan

Dear Sir,

Washington 17 May 1854

The amendment to which you refer was not as far as I
understand proposed either in the Committee or in the House, nor
have I before heard of it. - I send you ^{acopy} of the Bill & all the amend-
ments proposed in Committee. Those at the end of the Bill were
all rejected in Committee, & all but one or two of them rejected in
the House also. Mr White is here, & I think was so during the
discussion in the Bill. - I will make it a point to hand your
letter to the Chairman of the Finance Committee of the Senate.

Very respectfully,

Your obed. servt.

Wm. C. Cullen

Saml Moore Esq

P.S. The Amendment not having been proposed in Committee, could not
by the Rules of the House, be proposed in the House.

Treasury Department
May 20th 1864

Sir,

Information has been received at this Department that there is much delay in procuring at the mint American silver coins in exchange for ~~the same~~. The delay is not however imputed to any neglect on your part - And the object of this letter is to enquire whether any arrangements can be made by which the American silver coins can be more speedily provided for the Banks and individuals who may desire to obtain them.

Very respectfully
Yours obt. Serv^t

James B. Young
Secretary of the Treasury

Sam^l. Moore Esq
Director of the Mint
Philadelphia

Philad^a May 15. 1834

Dear Sir

The appropriation Bill has, we learn, passed the House with various amendments. Of various as to one important amendment ~~of the 11th of June~~ ^{vide} "to enable the Director of the Mint to procure the requisite apparatus for parting gold and silver by the sulphuric acid, and to establish a refinery for that purpose under the control of the Institution on the most improved principles." The Secretary of the Treasury was fully informed by John Swan in Washington in Dec^r of the value of the process, and highly approved the measure, and ~~it was~~ ^{it} ~~was~~ ^{was} recommended. I must not

[illegible]

9th, I presume he is absent from Washington. Will you please
be ~~kind~~ ^{good} favour me with a copy of the amended Bill, and if the
appropriation in question has not been introduced into it will
you have the goodness to report that the Committee of Finance
of the House, and if the article be approved by them, vote the
respective amendment. My communication to the Secretary
of the Senate ^{which I suppose was sent to the Committee of Rep. Affairs} has not
above alluded to will explain the design ~~and~~ will ~~make~~ ^{give} an
explanation ^{also} to the Committee directly if ~~desired~~ ^{desired} company.

M. C. R. White is well acquainted with the objects of
Mr. Peck's ^{hunt} employment abroad in behalf of the Mint, and
has a copy of my Correspondence of instructions to him. The
State printer was originally employed to 1900 the Law.
~~and 1899~~ and afterwards to the same place in the
New Department & fully approved by them. The present papers
of Mr. Peck must be provided for in the ordinary appropriation
for the Mint since 381 of the original Bill - This ^{is} ~~has~~
~~not been~~ ~~to the effect~~ ~~that~~ ~~the~~ ~~has~~ ~~not~~ ~~been~~ ~~used~~ ~~in~~
the Mint ~~the~~ ~~object~~ ~~now~~ ~~referred~~ ~~to~~.

I enter into their peculiarly lively as their earnest
under an apprehension that by delaying until I could receive
~~by the~~ ^{the} ~~Miss~~ ^{information} from you, might make
it too late to bring the subject before the Committee of the
General Assembly to their report, the 1st of Feb.

With great respect

Paul. Horan Quincy

3 am shut out.

N. Willard Esq

Saml Moore Esq

Bank of America May 14. 1834

Sir

My son who was here again this day has
brought up a quantity of foreign Silver Coin amounting
to \$305,000 which he will deliver to you at the
Mint for Coinage - 105,000 Dollars of the amount
belong to this Bank and is in Mexican Dollars
contained in 35 Kegs of \$3,000 each marked A
numbered 1 @ 35 inclusive, the Silver you will
please have coined into half Dollars - the
remainder say \$200,000. belongs to the Merchants
Bank and the Merchants Bank of this City &
of which you will be advised by their Bankers
respectably - We shall be pleased to have
the Coinage completed as early as the Regulations
of the Mint will enable you to effect it -

The Certificate for the Silver from this Bank
say \$105,000 as above stated, you will please
enclose & forward to Mr. L. M. and I will
thank you when the Coinage of it is completed
to direct the Coin to be put up in the same Kegs
in which the Silver is now sent -

Samuel Wood Esq

Director of the Mint

Philad^a (over)

I am very respectfully

Yours &c
Jas. W. Wood Esq

P.S. The Cashier of the Merchants Bank
instead of writing to you himself requests me
to say that their Office of \$100,000 is contained
in 30 Bags No. 1 & 30 enclosed marked O., the
Certificates for which to be placed in favor of the
Merchants Bank in the City of New York and
which you will please transmit to me by
mail - they wish their Silver to be coined
into half Dollars -

Respectfully Yours
L. N. Hall

R.

Mint of the U. States

Philadelphia May 13. 1834

The several samples forwarded
at the request of Mr. Taylor, with your letter of
the 7th. have been carefully examined by Mr.
Cland, the Master and Refiner of the Mint
I am afraid may be ~~wholly~~ ^{completely} ~~different~~ ^{different} from
the ~~specimens~~ ^{specimens} - It is understood -

Neither of the specimens contains
any gold silver or lead. The proportion of them
one will not find them in any manner,
worthy of his further attention - though like
many others of this character they present alarming
appearances.

I am with great respect

Yours truly

W. M. Moore

Wm. B. Verry,
Sailors of the House.

Sam. Moore Esq.

Director of the Mint.

London May 7. 1834.

Dear Sir. Amused we have
our bill of last parcel blanks accepted
amounting to \$2,500 - for which when agreed
after the same have been approved, we will
thank you to remit us a check or certificate
of Deposit.

In your favor of the 10th March you write, "do not
send more than 5 tons after this reaches you without
orders for a further supply." Having sent the
5 tons we would remark, that the mach-
ine used for making the blanks if kept in constant
operation, would be able according to our estimate
to make the amount annually used at the mint.

As, therefore, it will be necessary to keep the
said machine steadily employed, we should be
glad to be informed (if you can do so consistently)
what amount in months will probably be required
by you - and we will deliver them at such times
and such quantities as you may direct.

Very Respectfully,

(Yours Obediently)

Philad^a

Dank of the Mint Aug 8. 1834

Samuel Alford Esq
Director of the Mint

Sir I propose sending
20,000 all-gold Dollars to the Mint for Coinage
into half Dollars, provided I shall learn that
you are ready at this time and such as to
enable you to supply us with the Coin within
30 or 40 days from the time that you shall receive
the Silver, will you please inform me by Return
Mail how soon you could furnish the half dollar
in case the Silver shall be deposited in the Mint
on Tuesday or Wednesday next

I am very Respectfully
Sir your Obedient Servant
G. M. Davis

Treasury Department
May 7, 1834.

Sir,

Will you be pleased to inform me
at your earliest convenience, what has been, for the
last few years, the Mint price - the most usual
and the highest market price of the following coins?

- ✓ 1. American Eagles - halves & quarters -
- ✓ 2. Spanish and South American Doubloons
- ✓ 3. British Guineas and Sovereigns
- ✓ 4. French Louis D'Or
- ✓ 5. Portuguese half pice
- ✓ 6. Spanish milled dollars and parts - pistareens -
English silver crown & shilling - French five
franc piece - Silver dollars of Mexico - Central
America - Peru - Chili - Columbia.
- ✓ 7. Such other coins as you may think proper to add.

I remain very Respectfully

Your Obedt. Serv^t

A. B. Tany

Sec. of the Treasury.

Saml. Moore Esq.

Director of the Mint

Philadelphia.

The Hon. R B Tany
Secy of the Treasury
Sir

Bulleton N York
May 5th 1834

The three parcels No 1, 2, 3, which accompanied the
note were left at my house in my absence by a
portable mechanic with a request to forward
them to you to be sent to the Director of the Mint
of the United States. These ones are found in the bed
and on the margin of the Seneca Lake, and
from the crude analysis made of them by
the discoverer, are supposed to contain gold,
silver and lead. If there is anything improper
in this communication being sent to you,
have the goodness to pardon me; if otherwise
an answer in due season from Dr. Moore, will
be thankfully acknowledged.

Very respectfully
Yours obt Serv

(Signed) John W. Taylor

Mint of the United States
Philadelphia, May 5, 1834

Dear Sir

Yours of the 2^d is at hand. At this late hour I must refer you on the subject of your inquiry to my opinions expressed in a communication made to the House early in December, under a resolution of the last Congress - see pages 10 & 11 document No 8, which is in favor of rendering the coins in question a legal tender by tale in the same terms as the Spanish dollars have long been ~~used~~ ^{declared} and are now a legal tender.

Dollars of the fineness specified in the Act are and perfectly clear from dirt, are of the value of 116 ⁷/₁₀ cents ^{with an extremely minute fraction} per ounce; and if of the ordinary weight of Mexican Dollars now in currency, would at that rate amount to about \$100. ⁵⁰/₁₀₀ for each hundred. On receiving them ~~therefore by weight and passing them by tale, there would~~ ^{therefore by weight and passing them by tale, there would} be a loss of that fraction. This loss to the holder of those coins, when the limitation of their tender at the proposed rate shall expire, is adduced as a reason against this rate of tender in my letter to Mr. Maize, Chairman of the Committee on Coins, of published in

~~the part of that paper~~ ^{the loss} may be avoided, while the
legal tender continues, by paying ~~in~~ ^{other coins} in sums not less than
\$100. It is the intentment of the Bill, that ~~they shall~~ ^{they shall}
not be paid in less sums. When the tender ceases, if it should
cease, the holder must, to avoid loss, avail themselves of ~~the~~ ^{the}
occasions when coins of this character are at a premium as
one ~~dollar~~ ^{dollar} for export.

~~I have~~ ^{Mr. White}, ~~to understand~~,
~~from my~~ ^{my} opinions on this subject ~~and~~ ^{and} ~~will~~
explain to you, I am sure, the considerations on which he
thinks his Bill preferable. I ~~am~~ ^{am} ~~to~~ ^{to} ~~be~~ ^{be} ~~in~~ ⁱⁿ ~~a~~ ^a ~~few~~ ^{few} ~~minutes~~ ^{minutes},
~~meeting~~ ^{meeting} ~~you~~ ^{you}. Having in any official
capacity been formally called on by a resolution of the House
in regard to these subjects, and my communication having
been ~~received~~ ^{received} and printed, and referred to the proper Committee,
I feel doubtful of the ~~fitness~~ ^{fitness} of my entering into a private
discussion of the subject by correspondence with individuals
friends in the House, in opposition to the views of that Com-
mittee ~~unanimously~~ ^{unanimously}, as I ~~suppose~~ ^{suppose} ~~intended~~ ^{intended} a report.

This will reach you, ^{probably} after the action of the
House to-morrow on the Bill ~~of~~ ^{of}. If it should not,
I ~~intend~~ ^{intend} ~~to~~ ^{to} ~~say~~ ^{say} that it seems to me better not to retard the
Bill by an adverse vote on its final passage. It is far better
that the bill pass as reported, than be much longer
delayed. The legal tender of these coins is of great moment
at this time. The inconvenience of paying by weight, which
I regard of more consideration than the proposed grade of value

will occasion probably an early modification of this provision.
The Senate may possibly think it expedient to ~~insert~~ ^{insert}
~~it~~ ^{it} ~~in the bill~~ ^{in the bill} ~~in this particular~~ ^{in this particular} ~~way~~ ^{way}.
~~It is~~ ^{It is} ~~an amendment in that way~~ ^{an amendment in that way}. That the
Bill should pass the House, having been so far matured,
is on the whole, much to be desired. Payments in the form
coins contemplated by the Bill will ~~be~~ ^{be} ~~chiefly~~ ^{chiefly} in
transmission of the ~~to~~ ^{to} ~~the~~ ^{the} ~~country~~ ^{country} ~~and~~ ^{and} ~~other~~ ^{other} ~~parts~~ ^{parts} ~~of~~ ^{of} ~~the~~ ^{the} ~~country~~ ^{country}.

Yours
J. Moore

Hon. James Hughes.

Washington 2nd May 1834

Dear Sir

The house of representatives have had
the inclosed bill no 255 Under consideration
and postponed it till next Tuesday

Will you be so good as to examine it and
send me such remarks as it may suggest to
you as there is much diversity of opinion
as to its practical operation

Will or will it not result in a loaf to any
person who may receive a payment by weight
and afterwards pay it out in small denoms by
tail

I am respectfully your most obedt

Servt James Harper

Hon S Moore

Mint of the United States,
Philadelphia, Pa., May 15, 1834.

Dear Sir

It has very recently occurred to me to suggest that you will acquaint yourself with the most successful means of reducing the ores consisting of gold. This subject is acquiring much interest here. The development of the gold mines in the South is surprising. Not less than \$2-3 million in gold will be produced from the Southern states this year. Virginia is becoming a highly productive gold district. I am concerned in a Charter Company now operating in that state. The ore tried by a small ample assay is found to contain much more gold than the process of amalgamation will extract, and attention is therefore turned to some process of smelting, which will be cheap enough for large operations.

It is presumed that all that is known in Europe may be found at the _____ in Paris. It would be a most acceptable acquisition to obtain the best process for the purpose.

In some parts of Europe they work profitably very near ours. This enquiry is almost in the direct line of your leading objects and justly claims regard as a public commission. The refiners who collect what is called sweep, must have an economical method of saving this sweeps. But I have it with you to ascertain, if you have the cheapest mode of refining. What will be the cost of this process in 100 pounds. The cost will of course, be the same whether that quantity contains four in gold or only one.

Yours truly,

SAMUEL MORE.

Wanted the United States
 Philad. May 28 1894

2573
 May 28 1894
 No. 100

The specimens of silver money forwarded with
 you of the 15th inst. accompanying a communication from the Board
 of the United States Education have been submitted to a com-
 missioner. In regard to their value I have to state the following particulars.
 Columbian dollar have been submitted.
 a highly variable value but always far below the ordinary value of that
 denomination. Perhaps the ~~present~~ estimate of their average value has been
 at the rate of 97 cents per ounce. Their average value by tale has been
 stated at about 75 cents.

According to the present basis the average value of
 these coins for some would appear to be only 84 1/2 cents - the weight
 of the fine points specimens ~~given for the value of the~~
 by tale only 65 1/2 cents.

The parts of the Columbian dollar have not been
 found at that time. They are found to correspond exactly
 with the dollar in weight. Their value may therefore be in like measure stated at
 84 1/2 per ounce. The value by tale of the dollar & its parts
 according to the specimens now in question will be as follows - the present
 estimate being a little below the actual value in the parts of gold coins have been
 known after having been for some years in circulation - 100 cents

Columbian dollar	100
the 1/2 the	65 1/2
the 1/4 the	32 1/4
the 1/8 the	16 1/2
the 1/16 the	8 1/4

One of the pieces ^{of} reamined in the letter of Mrs
Damonville the ~~price~~^{val} of a dollar. Its weight however is so little
small that of the piece called the 1/6, that I presume
this should be kept together. The value by tale of the
herald piece is subjoined.

Cobblers - 1/4 gallon	23 ⁹ / ₁₀ Cents
do 1/8 do, so called	4 ⁹ / ₁₀ do
do 1/16 do	4 ¹⁷ / ₁₀₀ do

On the whole it may be presumed ~~that~~ comparing
the average of former prices of the Columbian dollar with the
present results that there comes an worth about 83 cents.
per ounce ^{dry} and about 70 cents by tale. The ^{mineral}
has refused to move in comparison its worth about 117 ¹/₁₀
per ounce. By The Spanish Mare it is equivalent
to seven ounces eight pennyweight dry.

I am very respectfully
Yours etc &c

Attn: Bureau of the Treasury

Mint of the United States
Philad - 30 June 1894

In reply to yours of the 27th. I
have to state that our trials of five franc
pieces at the Mint do not justify the supposition
of any production from those coins since 1877
for 1880 pieces. This may be regarded as the highest
value of any haul of those coins, of which any
considerable proportion may have been at all in
circulation. The average value of those coins now
in the U. States is ^{valued} ~~assumed~~ to be ^{valued} ~~assumed~~ less than
the amount above mentioned and many of them will
~~be~~ ~~and~~ ~~only~~ ^{be} ⁱⁿ ^{minute} portions 93 cents, and
the mint being largely made there in legal tender by sale.

Very respectfully
Wm. H. Wood

Very respectfully
James A. Wood

1871
March 3-1871

Mint of the United States.

The following are the regulations for the distribution of the cents and new nickel three and five cent pieces of the United States:

The bronze one and two, and the nickel three and five cent coins, can be now be had at the Mint, in exchange for the gold and silver coins, or legal tender notes of the United States. The new three cent pieces are put up in bags of thirty dollars, and the five cent pieces in sums of fifty dollars each, and either of these sums, or any larger amount—of which thirty or fifty is a multiple—will be sent in the order of the entry of application.

The reasonable expenses of the transportation of the cents and three cent pieces in sums of thirty dollars, and the five cent coins in sums of fifty dollars or upwards, to any point accessible by railroad or steamboat, will be paid by the Mint.

All orders for small coins should be addressed to the Treasurer of the United States Mint, and all drafts or certificates of deposit should be made payable to his order.

H. R. LINDERMAN,
Director.

An Act concerning the Gold Coins of the
United States, and for other purposes

Be it Enacted by the Senate and House of Rep-
resentatives of the United States of America in Congress
assembled, That the gold coins of the United
States shall contain the following quantities of
metal, that is to say; each Eagle shall contain
two hundred and thirty two grains of pure
gold, and two hundred and fifty eight grains
of standard gold; each half Eagle one hundred
and sixteen grains of pure gold, and one
hundred and twenty nine grains of standard
gold; each quarter eagle shall contain fifty
eight grains of pure gold, and sixty four and a half
grains of standard gold; every such Eagle shall
be of the value of ten dollars; every such half eagle
shall

shall be of the value of five dollars; and every such quarter eagle shall be of the value of two dollars and fifty cents; and the said gold coins shall be receivable in all payments, when of full weight, according to their respective values; and when of less than full weight, at less values, proportionate to their respective actual weights.

Sec. 2. And be it further enacted, That all standard gold or silver deposited for coinage after the thirty first of July next shall be paid for in coin under the direction of the Secretary of the Treasury, within five days from the making of such deposit, deducting from the amount of said deposit of gold and silver one half of one per Centum: Provided, That no deduction shall be made unless said advance be required by such depositor

deposited within forty days.

Sec. 3. And be it further enacted, That all gold coins of the United States minted anterior to the thirty first day of July next, shall be receivable in all payments at the rate of ninety four and eight tenths of a cent per penny-weight.

Sec. 4. And be it further enacted, That the better to secure a conformity of the said gold coins to their respective standards as aforesaid, from every separate mass of standard gold which shall be made into coins at the said mint, there shall be taken, set apart by the Treasurer and reserved in his custody, a certain number of pieces, not less than three, and that once in every year the pieces so set apart and reserved shall be assayed under the inspection of the Officers, and at the time, and in the manner now provided by law, and, if it shall be found

found that the gold so assayed, shall not be
inferior to the said Standard herein before
declared, more than one part in three hundred
and eighty four in fineness, and one part in five
hundred in weight, the Officer or Officers of
the said Mint whom it may concern,
shall be held excusable, but if any greater in-
feriority shall appear, it shall be certified to
the President of the United States, and if he
shall so decide, the said Officer or Officers
shall be thereafter disqualified to hold
their respective Offices: Provided, That, if
in making any delivery of coin at the
Mint in payment of a deposit, the weight
thereof shall be found defective, the Officer
concerned shall be responsible to the owner

for the full weight, if claimed at the time
of delivery.

Sec 5. And be it further enacted, That
this act shall be in force from and after
the thirty first day of July, in the year
One thousand eight hundred and thirty
four.

Henry B. Kent.

Chief Clerk.

Minist of the St. States
Feb. 26 June 1854

Dear Sir,

Your favour of the 21 was rec^d last evening and
the proposition submitted may be regarded as extremely but probably will
not be followed by results possibly injurious. The foreign silver coins
which have been made a tender by take at an acceptable relation
and for all amount, will tend very beneficially to restrain any further
disturbance of the currency from the high rate and consequent
influx of gold.

The action which regard the annual assay is
a valuable modification of the existing provision which I have
~~written~~ to get clear of as disagreeable to us and now
therefore much gratified by your having heard the opinion
to introduce such an amendment. Our limitation
of the ~~in~~ inflexible character of the penalty was also very
desirable.

In regard to the gold dollar ~~being~~ ^{Mr. White had suggested}
~~that~~ I said with that this denomination ~~should~~
Such a coin will be by then the half dollar and
raised from 10 to 20 ~~being~~ ^{able to be kept on paper} ~~being~~ ^{in order}
twenty ~~between~~ ^{between} other coins for a piece of that value. ~~and~~ ^{the} ~~coin~~
Mason's opinion to be ~~indefinitely~~ ^{undoubtedly} ~~correct~~ ^{correct} by the fact
a very tedious process for the amount which is coming to market
can be ~~indefinitely~~ ^{corrected} in a few years. It is perhaps
hardly worth while to say any thing on the subject as there
is little time.

I remain with great esteem
Yours very truly

Hon. Wm. M. Garrison

Wm. Moore

Mechanics Bank
New York Jan 12th 1834

Sir

I have received your favor of 10th inst
and beg to reply that the silver forwarded by me
to the Mint for coinage was deposited with us
by different Individuals, and supposed to be foreign
coin as the packages were not opened here, but
sent to you in the state in which they were received.
I could not ascertain the precise amount of their
contents, I was however induced to believe that
there would be a considerable excess above the
amount stated viz \$100,000. The certificate
already received will enable me to account with
the depositary, & I regret the necessity of having
~~trouble~~ occasioned you, as it would seem unnecessary
trouble in this matter. The half dollar of which
you make mention, has been to deliver to the order
of Mr. Patton & Co by Express, on application

Washington 21 June 1834

The Gold Coin Bill has just been disposed of in the House. When called up by Mr. White, he unexpectedly gave up the whole Bill that he had reported, Ratio - substituting coinage, & came out with a substitute making provision for gold coins only - and those of a description which the Senate has been preparing for a week. As the Bill was not printed, I will give you a brief outline of it. The 1st sec. directs a coinage after 30 July of Eagles having 232 grains of pure & 258 of Standard - and half Eagles - Quarter Eagles, & Dollar pieces of proportional value. The 2^d makes the existing gold coins U. S. receivable at the corresponding value. The 3^d sec. is a provision for the apay of the new coins - with an allowance to the mint - according to gold before of 2 Dec. 1833 ^{1 in} of 384 in pounds & 1 in 500 in weight. The 4th - a provision to pay in standard bullion in coins as per cent, with an option to the depositor to weight 40 days & receive without charge for coinage. - The Minutes opposed to this high rate, tried to amend by proposing 1 in 15.625 & then 1 in 15.865 you 11th of 10 - but both propositions were rejected by unanimous

Dear Sir

Your favour of the 6th. reached my hand
late on Saturday evening. I embrace the first opportunity
in my power to comply with your request.

Enclosed is a sketch in Miniature
of the provisions required to sustain merely the question
of the relation of paid & when founded on two bases both
having in view the decimal standard of $1/10$ fine &
 $1/10$ alloy - No. 1 assumes a change of ratio from
 15 for 15 to 15.86 or 15.86
~~15.86~~ which is equivalent to
an aduan on paid of 4 to 100 fine - No. 2
~~15.86~~ involves a ratio of 15.86 to 15.86 or 15.86
which is equivalent to an aduan of $5 3/4$ nearly per
cent. - You will recognize thus as ~~the~~ ^{relations}
the table left with you. ^{as to law}
If this point is raised, let us expect, shall

7 July. 1834.

My dear Sir,

This morning, I had the pleasure
to receive your letter of the 5th inst.
You were quite right in considering the
copy of the act incorrect: and I am
glad that you determined, at once, to send
it back to this department, that the error
might be corrected. Though the copies
are certified by me, I am obliged, as
happens to many that in public office,
to give my name on faith; the com-
paring of the papers being the work
of others.

A correct copy of the act has been
sent to the Post Office, whence you will
receive it by this mail.
I am, Dear Sir, with great esteem,
Yours truly, A. D. Smith.

Navy Department

July 7th, 1834.

Sir,

Your letter of the 30th ultimo, upon the subject of the naval medals, referred to you by a letter from the Department of the 26th ultimo, has been received.

Your suggestion that there might be an advantage in deferring any further proceedings in the accomplishment of the objects to which these letters relate, until we can avail ourselves of the advantages to be derived from the information to be acquired from Mr. Peale, who is now at Paris, charged with various investigations in regard to the precious metals, and particularly as to the art

from Mr. Deane.

Very Respectfully yours

Marlon Dickerson

J. M. Moore

Thos W. Olcott Esq

Carl F. Muhlenberg & Son

Albany

Mint of the United States

Philad. July 28. 1834

Dear Sir

In reply to your communication of the 15th
respecting the effect of the recent act of Congress on
the ~~mint~~ value of gold, I state with pleasure, for
your satisfaction - that gold of the quantity mentioned
by you viz. of the value of 84 cents per dw't. at
the Mint, ^{into four} ~~and the premium~~ ^{will be} the
new act be worth $89 \frac{61}{100}$ cents per dw't. -

The basis of the calculation is, that
an Eagle under the new coinage will contain only
232 grains of pure gold, while an Eagle of ^{our old} ~~the old~~
coinage contains $247 \frac{1}{2}$ grains of pure gold, so that
232 grains are raised to $247 \frac{1}{2}$ ^{therefore} which is equivalent
to $6 \frac{61}{100}$ per cent advance in the gold coins, &
first issues are consequently advanced from

$88\frac{6}{9}$ cents to $94\frac{8}{10}$ cents per doz, at which rate,
 after the 31st instant they will be a legal tender,
 making the former ^{weight of full weight of 1870} to be worth $410.66\frac{8}{10}$

With great respect
 and regards

Yours truly

Wm. Wood

July 24. 1874.

Sir,

I have to acknowledge the receipt
of your communication, dated the 21st instant enclosing
a copy of a letter addressed by you to the Cashier of
the Farmer & Mechanics Bank at Albany.

I beg you to accept my acknowledgments for
the many useful and satisfactory suggestions contained
in your letter.

I remain very Resp^{ly}

Yours Most Sincerely

Genl Woodbury

Sec. of the Treasury

P. S. Moore

Director of the Mint

Philad^a

Treasury Department.

July 22. 1834.

Sir,

Your communication dated the 19th instant has been received. There does not appear to me to be any objection to the plan suggested by you of having a sum of Money placed in Bank subject to the draft of the Director of the Mint and applicable to the prompt payment of Mint certificates for deposits of Gold at the deduction provided by law. This sum, it appears to me need not, necessarily, be large, as the same will, from time to time, be repaid when drawn from it, as the recoinage can be effected. You are, therefore, authorized to draw on the Girard Bank after the 21st instant for the ^{payment of} Mint certificates for deposits for Gold, to an amount not to exceed twenty thousand dollars & the Cashier of the Bank will be instructed to place that sum subject to your drafts for that object and I will thank you to keep the Department advised of the effect of this measure of the weekly condition of your account.

When your reply to my communication of the 19th inst. shall be received I will decide on the expediency and propriety of authorizing the receipt of the Mint certificates in payment of duties at the Custom house.

I do not think there can be any objection on the
part of the Bank to receive them as cash, and if there should
be some other arrangement may be effected thro' the Collectors;
if that be done, it is presumed it will lessen very much the
demands on the Mint for coin in payment for deposits.

Permit me, in addition, to request that the preparation
of the dies for the Eagles and quarter Eagles may be hastened
as rapidly as possible.

I am very Respectfully
Yours Obedt. Servt.

Sam^l Woodbury
Secretary of the Treasury.

J. Sam^l Mow.

Director of the Mint.
Philadelphia.

[illegible][illegible][illegible]

Minist of the United States
Philad^a July 21. 1834

By a letter from the Secretary of the
Treasury on the 14th inst. I find my instructions con-
firmed in regard to the measure of our present
gold coins, so far at least as regards their weight
for coins after the 31st without any definite de-
cision as to any boundary line. This is however
now a little moment -

You will ~~therefore~~ ^{please} forward where it shall
be convenient for you, to be deposited ^{at the Ministry} after the
31st as well as our own gold coins of present
~~the as~~ ^{gold} ~~any foreign~~ ^{coins} ~~which~~ ^{that} you
may deposit in the first few days of August, not
exceeding say \$100,000, will be ready I trust for delivery
in half Eagles in all that month. If the amount
should exceed this we may find it necessary to ex-
tend the time for the delivery, perhaps two days for

an additional \$5000. Now if any Grants will
probably be issued within the period mentioned

~~If the amount handed over this,
the money fund it necessary to extend the time for
the return perhaps ten days for an additional
\$50000 - Now if any Grants will be issued
probably within the period mentioned.~~

Very respectfully

Your obedt. servt

Laurelton July 18. 1834.

Samuel Moore Esq.

Dear Sir,

We duly received your favor of the 20th May last, in which you say, it is probable we shall think it proper to draw a portion of our supply of Planchets from abroad.

The object of the present, is to propose a few queries, respectfully, to which if consistent we should like to receive replies.

1st Is the quality of the copper furnished by us, equal to that heretofore received.

2^d Is there any disposition on the part of the Directors of the Mint, to obtain any part of their supply from abroad, provided contracts can be made for the domestic manufacture on as favorable terms, and a satisfactory pledge given that requisitions on the contractors will be promptly complied with.

We would remark, that the expense & trouble we have been subjected to, in preparing the necessary machines for cutting, and the several processes of finishing, has

been considerable & that we were induced
to embark in the business from the tenor of
your letter under date of 15th April 1832 in
which you write, "It would be very late
(factory) to be able to obtain from Establishments
within the U. States, the material of our copper coinage,
all propositions hitherto made, having this object
in view have been entertained with a wish favorable
to their success, subject to the condition that no
disadvantage to the public should arise therefrom."

Requesting a reply to the foregoing at
your convenience.

We remain

Very Resp^t

Your M^{rs}. G^t.

Crocker Bro^s. & Co.

Treasury Department

July 18. 1834.

Sir,

Your communication dated the 15th instant was duly received. I am perfectly satisfied, that the public convenience for common circulation requires that the present gold coin of the United States should be recoin'd and recoin'd at the mint when desired.

I am happy to learn that you will be in readiness to commence operations on the 1st of August next - and should the Mint find itself unable to meet seasonably, all the public wants. I would suggest a modification of the present rule, so as to recoin in the order of time deposited all coins under a certain amount - but that the recoinage of samples

over a certain amount be postponed a specified time,
such as may be estimated to be convenient.

I remain very Respectfully
Your Obedt. Servt.

Treasury Department
July 16 1834

Sir,

Another suggestion has been made to
make a difference to the new die for the gold coinage,
which I submit to you.

It is thought that the part on the
coinage present the best means of distinguishing
the new piece from the old, and by increasing
their number from thirteen to twenty-four, so as to
make them correspond with the present number
of the States of the Union, it would be an appropriate
improvement and a ready mean of distinction between
them -

As it is desirable that the new coinage
should go as widely and as speedily into circulation
as may be practicable, the Department trusts that
the Directors of the mints will adopt every just &
fair means necessary to aid, as far as lies in their
power, the impartial distribution of the new coin,
by telling all applicants for it, how, at an early period
to the portion.

I am, Sir, very respectfully,
Yours obt. Servt

Doct Samuel Alsop
Director of the Mint
Chica.

Secretary of the Treasury

Mechanics & Farmers Bank

Albany July 14 1834

Saml Moore Esq,
Director of the Mint

Sir We are directed

by the Secy of the Treasury to provide ourselves
with current coin under the recent acts of Congress
concerning coins, with a view to its distribution
to prisoners & others having claims against the
Govt. We should like to have \$20,000 in gold
mostly in $\frac{1}{4}$ & $\frac{1}{2}$ Eagles & \$2000 in small
silver change. I name a less amount than
we could desire supposing you cannot at once
supply all demands & will thank you to
inform me what amt we can have & at
what time & whether a check on it will
be satisfactory after you receive advice of its
payment. Please also inform me who pays the
expense from the risk of transporting the specie

With great regard

Yr. A. S. P.

Thos. W. Elliott Cashier

By the gold table in our possession
from the State I said to be correct at the Mint
Sovereigns are worth 94.722 Cts. for debt
Old Eagles ——— 94.826 ———

It is safe to receive Sovereigns at the rate of old Eagles —
Of the gold in old Eagles 253,093 grains are required for
\$10. — add 1,9389 for Cts. — 4,907 the difference between old
Eagles & new — makes the new 258. grains, which is the present Standard

By the above rule the Sovereigns sent to the Mint
will exceed the amt. given in their Statement \$38.83

Example —
Gross weight for their Statement 1449.7. a
add 1,9389 for Cts. — 28. 2.
Standard — 1477.9

By. debt
1477.9 Standard @ 93.023 Cts. for debt is \$27,447.36

Their Statement gives
Gross weight 1475.7. 6 Standard — } — 93.023 — \$27,448.60
Difference \$38.83

2,118 difference in weight @ 93.023 is \$38.83 —

Grandville July 15th 1834

To Saml. Moore Esqr
Director of the U. S. Mint, Philadelphia

Sir, Opinions are divided as to
the nature of the enclosed ~~specimens~~
Some unskilful experiments upon it have
resulted in obtaining a metallic substance
which some professing to know, have cal-
led silver, others gold in combinations
with other substances. Again other ex-
periments have entirely failed of a sat-
isfactory result.

It is the desire of the parties
interested in whose behalf I have been
requested to address you, to submit the
enclosed specimen to your examination
~~and to request you~~
~~to communicate~~ the result for their
information. If it prove worthy of atten-
tion there is an abundance of it.

Very Respectfully

Your obt. Servt.

Philadelphia.

Copy

Baltimore

July 11. 1834

Hon^{ble} Mr Woodbury
Secy of the Treasury

Dear Sir

I trust you will
pardon my intrusion in thus addressing
you. My object is to ascertain from you
whether or not the mint of the U States will
recoin over the present American Eagles
allowing for them at the same time \$10.⁰⁰₁₀₀
and give new coin in place of them
valued at \$10. And also whether the Mint
will allow in the same way \$4.⁰⁰₁₀₀ for
Sovereigns, provided they are full
weight; And likewise whether or not
cash of those coins are a legal tender in
payments to the governments at the
States in the bill just passed Congress;
for instance \$4.⁰⁰₁₀₀ for Sovereigns and
\$10.⁰⁰₁₀₀ for Eagles.

By giving me an early answer to the
above inquiries, I will be under a great ob-
ligation and beg leave to subscribe myself

Your friend

Sam^l S. Nicholson

Kullepior's Retreat 15th July
1844

Direct to "Pmindston" P.O. - Bunker B.C. -

My Dear Sir
The passage of the "Gold Coin" bill by Congress, has (we miners hope) raised the value of our Gold, but to what extent, we are at some loss to ascertain. There were various opinions & calculations by Members of Congress as to the results it would produce. I confess I am somewhat at fault, & the object of this letter is to elicit your opinion with regard to the advantages our Gold Miners are to receive from the measure. My Gold according to the Mint Assays averaged something near 84 cents ~~Dr. Dr.~~ ^{Dr. Dr.} sometimes even sometimes under. Now I wish to know what my bullion (here before worth 84 cents, the ~~present~~ ^{present} ~~weight~~ ^{weight}) will be worth under the present ~~law~~ ^{law} & the calculation here is, that its value will be enhanced (I mean the ~~mint~~ ^{mint} value) at from 2 to 4 cents on the ~~present~~ ^{present} ~~weight~~ ^{weight}. It seems to me it ought to be more - I wish however, if it is not too much trouble, to get your calculation, which I know will be correct & my sales of Gold will be governed accordingly. - I shall hold up therefore what I have on hand till I hear from you. I rec^d. your relation to the ones on Mineral substances I sent you by Mr. Weston, by last mail. The result is what I anticipated. Please present my thanks to the gentleman who was troubled with the Analysis. and accept for Gold the sincere friendship & esteem

of Samuel Moore Director of the Mint
Saml^r Moore

New York 15th July 1834

Samuel Moore Esq Sir,

Can you, without much trouble, inform us by return mail, what a British Sovereign will net in the New American coin, admitting the Sovereign to weigh ~~to weigh~~ 5 Pwt 2 grs? Also a British & a Royal Doubleton weighing 17 Pwt 8 grs - also a British Guinea & Port. 8 grs. We are large holders of Gold and will be very much obliged if you ^{attention} can of any expense to you we shall most cheerfully repay.

Yours, dear Sir, very respectfully,

A. P. Knapp & Co.

Treasury Department

July 12. 1834.

Sir

Your communication dated the 9th instant has been received and I fully concur with you as to the expediency of carrying into effect the suggestions it contains.

I would, however, merely state for your consideration whether, as it is extremely desirable that the coinage of this year after July should be very distinctly marked, the letters "Aug" for August would not answer for the balance of the year as they would indicate a coinage in 1834 after the 1st of August or whether the object would not be effected by having the word "New" added after the date 1834.

The whole matter is, however, left to your discretion in which I have entire confidence.

I remain very Resp^{ly}
Yours Obed^t. Serv^t.

Sam^l. Moore Esq

Director of the Mint.

Levi Woodbury

Sec. of the Treasury.

P.S. I have to request that you would make

to the department weekly reports of
the amount of coinage after the 1st of
August specifying each kind and the
person or persons for whom coined.

On the Minister's Order in Acc^t Current with Samuel Moore & Son of the Office for
 his business made under the authority of an Appropriation of \$7000 made by Act of Congress of the
 27th day of ~~May~~ June 1834 to enable the Director of the Office to procure the necessary Apparatus for printing and also

Durham, N. C. Jan 30, 1834

Dear Sir

I have had three Tables made
out for receiving & paying the principal Gold
Coins of Foreign Countries, which I take the
liberty to enclose herewith, and to request of you
the favor to examine, and to correct and amend
them as you may find them - My object is
to have these Tables printed for the use of the
Banks in this City, and in order that they
shall be known to be accurate and obtain
entire confidence, I shall be happy to have
your examination & correction of them, and
which I now request with the greater freedom
in consequence of the kind information given
me in your letter of the 17th inst. that you
would for the public accommodation affix
the value of certain Gold Coins in case a
list should be submitted to you for that
purpose - If your time will admit
and you shall kindly consent to examine &
correct these Tables you will confer a favor
for which I shall feel much obliged -

If there are any Gold Coins of the same
Country mentioned at the head of these Tables,
that are not of the proper fineness, or that
are below the Standard of the respective Tables,
you will please state what Coins they are,
and any other information that you may deem
useful to us and that you may think proper
to communicate will be thankfully received.

Saml Moore Esq

West of the United States

Chicago - Aug. 8. 1874

Dear Sir -

I must ask you to excuse my
apartment right of your request in regard to the tables
presented for examination here. On the same day a box
that of a lot of T. L. (submitted by W. H. Newcomb
of the Manhattan Bank, came into my hands,
carrying the same printed, and which having caused
to our ~~own~~ ^{of character} plan ~~by~~ ~~the~~ ~~same~~
~~that~~ ~~is~~ ~~desirable~~, under the rules
now ~~in~~ ~~use~~ ~~here~~ - These printed tables I have
examined & then they return them ^{with a few minor corrections} to W. H. Newcomb -
They will no doubt be further with the printed sample
to all the Banks - ~~and it is~~ ^{that it} ~~will be more~~ ^{useful} ~~to~~ ~~the~~
~~Bank~~ ~~to~~ ~~your~~ ~~the~~ ~~sample~~ ~~than~~ ~~an~~ ~~account~~ ~~of~~ ~~the~~
as the ~~printing~~ ~~is~~ ~~very~~ ~~good~~ ~~of~~ ~~from~~ ~~the~~
detailed ~~being~~ ~~returned~~ ~~to~~ ~~the~~ ~~same~~ ~~place~~ ~~as~~ ~~it~~ ~~is~~ ~~now~~ ~~far~~ ~~as~~ ~~the~~ ~~city~~ ~~for~~ ~~some~~ ~~weeks~~ ~~to~~ ~~will~~
I must with little else up in regard to
a lot of weights - the ~~latest~~ ^{most} ~~recent~~ ^{to} ~~be~~ ~~sent~~ ~~to~~ ~~the~~ ~~city~~ ~~for~~ ~~some~~ ~~weeks~~ ~~to~~ ~~will~~
cannot ~~not~~ ~~be~~ ~~sent~~ ~~to~~ ~~the~~ ~~city~~ ~~for~~ ~~some~~ ~~weeks~~ ~~to~~ ~~will~~
be sent ~~to~~ ~~the~~ ~~city~~ ~~for~~ ~~some~~ ~~weeks~~ ~~to~~ ~~will~~

not return perhaps during the present month -

Very respectfully

Your obedient servant

Wm. Moore

Geo. Newbold Esq

Pres. Phil. of America }

To

Samuel Moore Esq
Director of the Mint Sir

I am requested
by the President of the Merchants Bank in this
City to inform you that they propose to send
on their Mint Certificate for the deposit
made by that Bank on the 15. of May last
and to receive the Coin in the course of
next week agreeable to the suggestion
in your letter to me of the 29. Ut. and
they request that you will please have the
Coin put up in the same Keys in which
the Silver was sent -

I wrote you on the 30. Ut. and took
the liberty to enclose I think for receiving & paying
Certain Gold Coins, since then I have not
had the pleasure to hear from you -

I am very respectfully
Yours
Wm. B. R. P.

Dec 1 to 1834
 Dec 1 to 1834
 Dec 1 to 1834

Mint of the United States
Philad^a 1st Aug 1834

Sir

I have the honour to inform you that the
images of gold, under the new ratio of gold ~~to silver~~, were
menced at an early hour this day. Two half Eagles a
specimen of this coinage are herewith enclosed, the exe-
cution of which I persuade myself will be approved. ~~The~~
~~which~~ ^{The printed matter by} which the new coins may be distinguished
from those of former issues have been ~~communicated~~ ^{revised} in a
letter to the Department which will probably be published
for general information. ~~The changes made and which~~
~~will not escape your notice~~ have been a subject of corres-
pondence with the Secretary of the Treasury and approved
by him.

Permit me to express the sense I feel of the
unceasing assiduity and ~~watchfulness~~ and mechanical
skill of Mr Eckfeldt the chief Coiner of the Mint by whom
the requisite preparations for this new coinage have been accom-

plished within the period of one month in addition to the
other cases of his very busy department.

To the Engraver of the Mint Mr. Knapp is due
also great credit for having executed so well a pair of new
dies of the half Eagle within the same period while the
work of the above [redacted] [redacted]

Aug 21 1834

Quadrant

Providence R.I. July 18 1834

Samuel M. Esq.
Director of the Mint

Sir, Pursuant to instructions from the Secretary
of the Treasury of the United States under date July 7. 1834.
relating to the early measures to have on hand a
sufficient supply of current coin, and especially of gold for
the purpose of paying some of it to the creditors of the
United States in a particular manner to revolutionize
persons when they may desire it. I have now requested
Mr. Dabbitt the bearer of this, who is one of the gentlemen
concerned in the Board of Directors of the Institution to call
on you for the sum of four thousand dollars in gold
or silver about three or four hundred dollars in coins of silver
& cents, Mr. Dabbitt is provided with funds in your City, for
which I presume he will readily obtain if you the amount
of gold & silver required, should be glad to receive the gold
in half and quarter Eagles an equal amount of each.
Philadelphia I am very respectfully
Yours obedient servant W. C. Cress

Treasury Department
29th Aug^r 1834

Sir,

I have to request, that you will furnish me, if in your power, with a list of gold coins of less value than one dollar & fifty cents, which now circulate in Europe.

You will please state the full & proper weight of each description of such coin and its value under the late Act of Congress - ~~and its value under the~~

~~Act of Congress~~

I am very respectfully,

Your obt^d serv^t

Samuel Woodbury

Secretary of the Treasury

Dr Samuel Moore

Director of the Mint

Philadelphia

P.S. My object in requesting this infor-

motion is to have in the department
an official statement, which is pre-
ferable to the statements obtained
from works on currency

Ministry of the United States
Philad. Aug. 30. 1834

London is also a statement of the amount
of coin deposited, and of gold coined, and of the deliveries
of coins within the two weeks ending this day. ^{Henceforth}
~~This statement~~ will annually contain the ^{statement of the} ~~amount of the~~
increase or decrease of the circulation, as indicated in
my last, ^{being} ~~if it is found that by a little additional~~
^{mural} ~~facts~~
attention I can under the ^{and}, with sufficient permission
for general results ^{could} ~~in other respects this~~ ^{are very useful} ~~be made~~
^{with being} ~~manifestly~~ ^{unprofitable}

Sam Moore Esq
Director of the mint
Philadelphia

For Boston Aug 30. 1834

According to my
understanding of the Law of 28 June last regulating
the value of Gold Coins of Spain, Mexico &
Columbia, The Doubloons as now found in
Commerce, say those coined in 1801 & since
in Spain, Mexico & Columbia, are not a
legal tender - being in fact less than 20 Grats
37½ grains fine - Will you have the goodness
to inform me if such is the fact - & to state
to me the result of your assays of these coins.

Respy Sir Yrs Obedt

Dear Sir,

Minist of the U. States

Philad. Aug¹. 9. 1874

Your letter of the 20th. expressing
some uncertainty as to the effect of the late law of
Congress on your paid deposit was duly read. The
points embraced by it I have an interesting and by
my letter of the 11th July I wish was not that
I suffer v. v. - The effect of the law is the power
in raising ^{gold} bullion as in raising the nominal
value of our coins -

I addressed Mr. McClellan last 21st of
the Mechanics Bank ^{N.Y.} in regard to the deposit on
the 10th - as mentioned in your letter to you
and by a note of the 30th. informed him
the coins would be ready on the 2^d Aug¹. -
I have nothing in reply to either of my letters &
I am sure that in every way there has been a
mistake as to the Bank - I write again this
morning to him but think it better to
mention this delay in ^{the delivery of} ~~the delivery of~~ the coins
which I am not answer for very respectfully

In reply to the inquiries made by the Hon. Mr. Benton
respecting the deposits and coinage of gold under the new
ratio, and the tendency of the deliveries as affecting the
circulation of the country, the following general facts,
given in round numbers, will, it is presumed, be sufficient
as statistical data for the estimates in view.

Gold Bullion deposited in June - coinage		
deposited in anticipation of the action of Congress		\$ 61,500
Mo. Mo. deposited in July, & deposited - viz		
Uncirculated Bullion	\$ 133,300	
Gold Coins of the U. S. of former issues	226,350	
Foreign Gold Coins	47,450	407,100
Gold Bullion deposited from August 1. to 15, inclusive		
Uncirculated Bullion	45,700	
Gold Coins of the U. S. of former issues	87,000	
Foreign Gold Coins	68,700	201,400
Total		\$ 670,000
Gold coins from Aug. 1. to 15, inclusive		7 247,000
" remaining in the Mint uncoined		
sum of which was deposited earlier than the		
28th July		\$ 323,000

1834
for Mrs. Benton
and
H. M. Benton
of the
U. S. Mint

Sir

Yours of the 23^d was rec^d yesterday and closing a check in my favour on the Girard Bank for \$8000, eight thousand and no dollars.

I am not certain to receive your the amount of this draft ^{in good coin} before the 15th of next month ~~in~~ ~~the~~ ~~case~~ ~~of~~ ~~the~~ ~~bank~~ ~~not~~ ~~being~~ ~~able~~ ~~to~~ ~~supply~~ ~~it~~ ~~at~~ ~~that~~ ~~time~~ ~~you~~ ~~may~~ ~~count~~ ~~on~~ ~~their~~ ~~being~~ ~~wildy~~ ~~for~~ ~~delivering~~ ~~to~~ ~~your~~ ~~order~~.

A large supply say \$116,000 was delivered this week to the Manhattan Bank N. York and about \$4,000 will be forwarded tomorrow to the Bank of America of N. York in addition to about \$130,000 delivered to the latter very recently, all being the proceeds of deposits made by these Banks for coinage - possibly an early supply of small currency could be obtained from that quarter.

We mean to allow to coin you a small proportion of quarter dollars, but no coins will be coined within ~~the~~ ^{the} time mentioned very respectfully

Charles Wood Esq
Cash^r Casco ^{with Bank}
Boston

Phenix Bank
New York 9 August 1854
To Saml. Moore Esq
Director of the Mint,
Phila.

Dear Sir By Mr. Ogden a teller of this
Bank, I forward to you a quantity
of gold as per the annexed list, with a
request that the same may be coined
under the new law in relation thereto.

Aware of the necessary press upon
the Mint at this time, I will only express
a wish, that we may have the returns
at the earliest convenient moment.

I have seized this opportunity to
send on by Mr. Ogden some of the gold
weights of this Bank - which as a
favor I beg you will permit & cause
them to be tested by the Mint weights.
- I am not aware that any Standard

is to be found in this City - and we
have Reason to doubt the accuracy
of most of the weights used here -
Mr. Osden will give his aid &
attention to this matter as being
agreeable or convenient to your officers
- It is a matter of much moment
to our Banks & this must plead as
my apology for the liberty thus
taken -

again referring to the gold coinage
I would ask if the Mint has it in
contemplation to coin quarter Eagles
- they would be very acceptable to
us if any should be coined by the
time our Certificate may become
payable - With much respect

Delafière

---------	------------------	-------------------	------------------	-------------------	------------------	-------------------	------------------	-------------------	------------------	-------------------	------------------	-------------------	------------------	-------------------	------------------	-------------------	------------------	-------------------	------------------	-------------------	------------------	-------------------	------------------	-------------------	------------------	-------------------	------------------	-------------------	------------------	-------------------	------------------	-------------------	------------------	-------------------	------------------	-------------------	------------------	-------------------	------------------	-------------------	-----------------

I Certify, that the calculation of the above Statement are accurate, and that the claims of the abovementioned persons for wages, during the time specified, have not been satisfied at the Mint.

To the Director of the Mint.

TREASURER.

Gold payments beginning Aug. 27, 1834

Commonwealth Bank

Boston Aug 23 1854

Fannie Moore Esq

Sir

The Commonwealth
Bank (doing the Government business) is desirous
of obtaining some of the new Gold pieces.

I have
taken the liberty to enclose to you a check on
the Essex Bank payable to your order for
Eight Thousand Dollars - will you have the goodness
to give me this amount in Eagles half eagles
to be packed, and delivered to my written order?
and very much obliged.

Respectfully

Charles Ford Cash

P.S. Please say at what time they will be ready

I am very respectfully,

I am very respectfully,
Your obs. Servt.

Sam. Moore

Wm Levi Woodbury
Secretary of the Treasury

Consulate of the United States of America
at Bergen in Norway the 25th of August 1834.

The Honourable Secretary of the Treasury
of the United States, at Washington

Sir:

On the 22nd of April I had the
honour of addressing you, to which I beg leave to refer.

In compliance with the request of the high Department
in Circular of the 31st of August 1833, I herewith transmit
in the enclosed packet, specimens of the real Norwegian
Coins, consisting of:

- 1 whole Species, 1.00
- 1 half ditto, or 60 Skilling,
- 1 fifth ditto, or 24 " "
- 1 eighth ditto, or 8 " "

Of which 9/10 species are coined of one shilling fine silver & 1/10 of copper.

- 1 four Skilling silver
- 1 two " "

And of 10 species are coined of one shilling fine silver & 1/10 of copper.

- 1 two Skilling Copper
- 1 one " "

40 Skilling of which are made of one shilling fine silver & 1/10 of copper.

The amount of them I have charged in my
account with the Treasury. -

Since my last communication a further improvement
has taken place in the value of our papermoney, the
Norway Bank-exchange being reduced to 125 pfd.

In the commercial town of the Dronning, Hamburgh
Bank, of which 1 dollar is equal to 1 norw. Skilling, has
been negotiated at 115. 120 paper dollar for 100 dollar banknote,
Bank, according to demand. - This improvement must
chiefly be ascribed to the abundant produce of the silver
mine at Hongsberg, which amounts to abt. 14000 marks
for the last half year, and continues very promising.

I have the honour to be, respectfully,

honoured Sir.

Yours most obt. servt.

Wm. J. Janson

London Aug. 27

Treasury Department
September 9. 1834.

Sir,

Your communication dated the 28th ultimo, has been received, and I am pleased to learn, that the demand for the new gold coinage still continues. It is desirable that, as long as the calls for it are frequent, the mint should be enabled to meet them promptly, and if practically should coin as much each day as was coined daily for the two first weeks in August.

As the temporary omission of the motto "E Pluribus Unum" and of the Eagle of Liberty during the present year, for the purpose of distinguishing the new coins has been made the ground of complaint; and, as the new coins next year can be distinguished by the date, it will, probably, be better that they should be then restored, tho' in a manner somewhat improved, if convenient. I would therefore prefer, that no work should be done on the dies intended for the coinage of next year, that might prevent the restoration of the motto, on one side, perhaps, above the Eagle as now, but in smaller letters; or of the eagle on the other side, to be placed on a

hole near the head of liberty.

I intend to confer with the President on the
subject, when he returns, and the above suggestions
are in the mean time submitted for your consideration.

I remain very Resp^{ly}

Yours Chas. Sew

received from the Treasury Department
on the 6th Sept 1834
your letter of the 4th inst. was received
this morning. I will be happy to re-
spond to your inquiries and submit to the
President any additional remarks
as to the emblem &c on the new
gold coinage.

In respect to the request in
my letter of the 29th inst, my
object is to ascertain the practice
of other nations as to gold coins
of about the value of one dollar
each in order to get aid in
judging of the propriety of ur-
ging upon Congress to grant au-
thority to coin one of the value
of one dollar or one of one dollar
fifty cents. The last edition of
Kelley's bankbook contains a notice

a number of
principal foreign coins
and their remarks on opinions
of engraving designs for the inquiry
will be design acceptable
it is desired that the designs
should be submitted to the
Secretary of the Treasury

in the Department of the Treasury
Philadelphia
and it is desired that the designs
should be submitted to the
Secretary of the Treasury
in order to get the
opinion of the Secretary
of the Treasury on the
designs of the coins
of the United States
and it is desired that the
designs should be submitted
to the Secretary of the
Treasury in order to get
the opinion of the Secretary
of the Treasury on the
designs of the coins
of the United States

Merchants' Bank
New York 9th Sep 1834

Sir

A large amount of gold coins has lately been received by the Bank in this City consisting principally of Sovereigns - some of the Bank are desirous of having a part received. Will you do me the favour to inform me whether any amount of British Sovereigns has been assayed or received at the Mint; and if there has, what has been the result. I observe many of the pieces are considerably worn, but they have averaged as received here $\text{£}4.55$ each.

With much respect

Yours Obedt

Treasury Department
September 13th 1834

Sir,

I beg leave to refer you to the enclosed copy of a letter this day addressed to the Cashier of the Bank of Burlington. You will please advise me if I am correct in supposing the deposits to have been made for the purpose of procuring gold from the Mint and also if the gold was paid. If it was, you will obtain credit on the books of the Treasury when the certificate requested from Mr. Page is received at the Department for the sum of \$120.

I am very Respectfully,
Your Obed^t. Servant

Samuel Moore
Secretary of the Treasury

Dr Samuel Moore
Director of the Mint

Treasury Department
12 Sept 1894

Sir

A certificate of deposit in
your bank to the credit of the
Treasury, for one hundred and twenty dollars
has been presented for
this certificate has been made
payable to the Director of
the Mint it is presumed that
the ~~deposit~~ was made for the purpose of
procuring gold from that office
and if he has paid you the
gold accordingly he can only
be repaid or obtain credit by
having this deposit entered as
a repayment by him into
the Treasury. If the arrange-
ment be such as I suppose
you will please transmit to
the Department a certificate

stating that the deposit of one
hundred and twenty dollars
to the credit of the Treasurer
N.H. on the 29th August last
in your Bank was a deposit
made into the Treasurer's
Account.

When deposits are
made to the credit of the Treasurer
they cannot be withdrawn
except by a warrant which
can only issue after an appro-
priation is made by Congress
and therefore cannot issue
on the certificate and it has been
returned to the holder.

I am very respectfully

Yours &c

Philad. Sept. 15. 1824

Your letter of the 13th inst. enclosing a copy of one addressed to the Gov^t of the State of Burlington came to hand this morning.

The deposit mentioned was made by the
Bank of Boston ~~to~~, to the credit of the Treasurer of the
United States in the Bank of Burlington for the purpose of procuring
cents at the Market according to a previous agreement some
years since. It was not however proper to make such an
anticipatory deposit here - It should have been merely an
advance payment that such a loan was planned to the
credit of the Treasurer, ^{of the U. States} by the party interested, which is now
~~being to be available for the Treasurer of the Market,~~ ^{and said loan being in} ~~fact~~
^{equivalent to cash} ~~made~~, ~~the~~ ^{from} in full settlement of his accounts for
the distribution of paper coins.

~~I have~~ was bought by indenture
to ~~the~~ ~~the~~ Antislavery, ~~who had~~ ~~the~~
of the Cash of the Girard Bank, ~~who had~~ ~~the~~
known thing ~~of~~, which are in Court now passed
to the Bank of Boston by the Treasury of the Mint, the author-
ized agent of the Treasury of the U. States for the distribution
of copper coins.

Her! Louis Woodbury

The Rev. Mr. Long
Secretary of the Navy
April 15, 1854
2079

Phenix Bank, N.Y.
13 Sept 1834
D. Moore Esq. Director of the Mint.
Dear Sir

By Mr Robins of this Bank
I now forward twelve thousand
four hundred & fifty Sovereigns for
coinage - I would observe that
as yet we have not in this City
any weights by which an accurate
measure can be had of gold - the
weights of this Bank are yet in
Philadelphia, undergoing a test. - I state this
to apologise for the trouble entailed
by a Request to give me the weights
of each package now forwarded
& trust hereafter to avoid a repetition.

If within easy accomplishment
we should feel pleased to have one half
the value now transmitted, coined into
quarter Eagles - Is it in contemplation

to coin full Eagles - the engraving
is often made here - if intended
and within the time of delivery
of the amount now sent on,
we should be pleased to have
 $\frac{1}{4}$ in Eagles & $\frac{1}{4}$ in half Eagles,

With many thanks for
your prompt attention to my
late requests I am respectfully

Yours
J. Delapio

Director of the Mint

Sir I advise you

on the 6th of having boxed up to forward you
for receipt 5669 $\frac{1}{2}$ Sovereigns and on the
9th the Cashier of the Merchants Bank N.Y.
wrote me that he had lost them on a change
of a clerk of the house of R & J Phillips of Phil^a

Allow me to invite your early acknowledgment
in case they have reached you. If they have
^{not} to beg that you will make immediate inquiries
& communicate the result to me & to the Cashier
of the Merchants Bank if they have miscarried.

Respectfully

Yr Obedt

Thos McCulloch

The Honble

Land Office

Director of the Mint

For I wrote you yesterday

since which I have been favored with your letter
of the 12th in advising of the arrival of our gold.

I should have asked for the whole sum in
Quarter Eagles but from an apprehended incumbrance
in the supply. You probably will have but few if
any other applications for coinage, north of the City
of New York & if waiting a little more time will
enable you to furnish the whole sum in 90¢ Eagles
it will be of importance to their district of country
& a favor to us. Please advise us, when the coinage
is ready for delivery.

Very respectfully

Wm. M. McCulloch

Samuel Moore
Director of the Mint
Previous to making a deposit
with you for coinage we had made payment & change
acquitances of gold to Mr. B. & Sovereigns averaged
us $\$4 \frac{85}{100}$ a fraction. Upon enquiry I found that some
of it was sent to the Mint for coinage & observing from
the tables published in the Globe & corrected by you that
Sovereigns were quoted at $\$4 \frac{87 \frac{1}{2}}{100}$ I was surprised at the
fact that Banks found it to their interest to retain foreign
gold coins in preference to the new gold coins of the U. States.
I find however that the Sovereigns we sent you
averaged only $\$4 \frac{84 \frac{7}{8}}{100}$. We have just disposed of about
 $\$7000$ in Sovereigns in N York @ this average $\$4 \frac{85 \frac{1}{8}}{100}$. If to
this difference, the interest be added for the time required
for recoinage & the expenses of sending to the Mint, it will
be found too great to allow of the recoinage of foreign gold
& the Mint will derive employment only in our coin &
gold direct from the mines. It is possible that the present
rate of foreign exchange may influence the question
beyond what was contemplated at the passage of the new

gold bull by Congress. ^{and} ~~it~~ it appears to me our new
gold coins will still command a premium for exportation

I take the liberty of enclosing a statement of
calculations which will enable you to detect any error
into which our survey have fallen. I am induced to
make this communication in the hope that the information
will be useful in enabling you at once to ascertain
what may appear to others as it does to me, somewhat
inefficiently.

Very respectfully
Yrs Very Obedt

Apr. 18. 1896

Sir,

Our friend Prof. L. P. Eisselot of Paris, has written to us to procure for them the "Regulations of the mint of the United States" if any have been published in the shape of laws or otherwise & to furnish them some information on the manner the affairs of gold & silver are made in this country by the process known as the "wet" & "dry" processes. (You can note these on your next business). - Would you have the kindness to give us some directions as to the persons or persons we should apply to, so as to enable us to answer our friend's inquiries?

With many apologies for our intrusion we would beg you to believe us most respectfully,

Yours most obediently,
Thomas A. Barclay,

New York 18 Sept 1834.
